MEETS DEMAND WITH REFUSAL

Sulzer Declines to Surrender Place to Glynn on Formal Demand.

NEW BOLTS AND LOCKS BAR WAY

Two Rival Claimants to New York Governorship Still Hold Fort.

Albany, N. Y., Aug. 15.—Formal demand for the surrender of the executive chamber and offices, the privy seal and all books, papers, records and documents relative to the executive department was made upon Governor Sulzer this afternoon by Lieut. Gov. Martin H. Glynn. Governor Sulzer refused to comply with the demaand.

Included in Governor Sulzer's refusal, according to D. Cady Herrick, chief of his counsel, is a proposal that Glynn and Sulzer prepare an agreed statement of the facts in the controversy and submit them to the courts to determine who is governor of New York.

Glynn's Letter of Demand.

Mr. Glynn's letter is addressed to Mr. Sulzer simply as "Hon. Wm. Sulzer, Albany, N. Y.," is signed by Mr. Glynn as acting governor and reads as follows:

"In the performance of the duty which has devolved upon me by article 4, sec-

(Continued on Page 11. Column 3.)

COURT SAYS MAN IN LOVE MAY BE PRIVILEGED TO LIE.

New York, Aug. 15.—That a man who is in love is privileged to lie was the ruling handed down yesterday by Supreme Court Justice Guy.

To quote the justice: "It is also a well known principle that in the state of mental exaltation accompanying courtship, statements made as to mental, moral or financial qualifications of the accused may not be too closely scrutinized nor shall they be held to a strict accountability therefor."

In such a state of mental exaltation Philip Cusick, while courting the woman he afterward married, told her, she avers, that he was earning $30 a week, while as a matter of fact he was a property boy at a theater with a weekly salary of $13.50. Later, when Cusik vanished, Mrs. Cusick applied for a divorce, counsel fees and alimony. Justice Guy's ruling accompanied his refusal of the request for alimony.

GRIEVANCES GET COLD SHOULDER

Interurban Heads, With a Single Exception Discredit New Union.

IGNORE ITS DEMANDS

Indianapolis, Ind., Aug. 15.—Lists of "grievances," submitted today to the interurban officials of Indiana by the new union of employes were ignored by the officials with one exception, Chester P. Willis, vice president of the company controlling the Indianapolis, Columbus and Southern line, promised to refer the complaints to the board of directors. The officials contend that they do not recognize the union and do not believe that it has any standing.

Vice President Frederick Oakley, of the new union, said today that the interurban owners had until 4 o'clock Sunday morning to reply to their "grievances" and that nothing would be done by the union until then. The demands include a wage scale of 30 cents for the first year and 35 cents thereafter, with time and a half for overtime; a nine-hour working day; recognition of the union and the re-instatement of the men discharged for joining the union, and freight trains to have three men in the crew; also all passenger trains carrying baggage or express to have a three-man crew.

DIES WITH HER TWO BABES IN HER ARMS

Charged With Statutory Offense, Minnesota Woman Swallows Poison.

NOTED AS A BEAUTY

Crosby, Minn., Aug. 15.—With her two babies in her arms and a veil over her face to protect them from the acid she had taken, Mrs. Lola Blair, an exceptionally beautiful woman, died here today just after she had been served with a warrant for her arrest.

The warrant, sworn out by Mrs. William Guith, wife of a local contractor, accused her of a statutory offense. Guith was arrested later.

When a deputy sheriff went to the Blair home today with the warrant, Mrs. Blair asked time to pack a suit case. Permission given, she went to her bedroom, took her babies in her arms and died. She had drunk four ounces of poison.

Before her marriage Mrs. Blair was known as one of Duluth's handsomest high school girls. She was married in 1904.

WARRING FORCES EACH IN ACTION

Supporters and Opponents of Universal Suffrage at Washington.

ON OPPOSING LINES

Washington, Aug. 15.—While their unconverted sisters were insisting before the house rules committee that a majority of their sex did not want the ballot, delegates to the National Council of Women Voters today, met to discuss ways and means for winning universal suffrage throughout the country. This was the closing day of the council's three days' conference. The sessions were devoted to consideration of policies and reforms to be pressed in 1914.

At the morning session the principal subject considered was the legislative proposals to be advanced by women next year in those suffrage states in which the legislatures meet. Miss Helen Todd, of California, led the discussion.

The anti-suffragists had their innings today when, led by Mrs. F. W. Scott, of New York, president of the National Association Opposed to Woman Suffrage, they appeared for an informal hearing before Chairman Henry and members of the house rules committee. They were prepared to prove, they told the committee, that the agitation was kept by a comparatively small number and that the great majority of American women looked with disfavor upon their sex entering the turmoil of politics.

Miss Jane Addams and Miss Mary McDowell, of Chicago, here for the meeting of the National Council of Women Voters, called on President Wilson today and expressed their appreciation for his retention in office of Miss Julia Lathrop, head of the children's bureau. Miss Lathorp accompanied the party and all three talked briefly with the president about the work of the children's bureau, in which the president expressed enthusiasm and interest. The subject of votes for women was not discussed.

SAYS THEY STOLE CURRENT.

New York Men Charged With Theft of $30,000 Worth of Electricity.

New York, Aug. 15.—Frank Pulver and John Eisermann, superintendent and engineer of a building in West 26th street, were arrested today on charges of having stolen $30,000 worth of electricity from the New York Edison company. The complaint sets forth that they secretly tapped a main and for seven months pilfered current to light the building.

WILD RUSH TO SECURE WATER

Serious Problem Confronts States Where Reign of Heat Persists.

QUIT HOMES TO CAMP NEAR WELLS

Failing Supply Alarms Residents of Kansas, Missouri and Oklahoma.

Kansas City, Aug. 15.—How to get water for man and beast and how to save a little out of wrecked crops of corn and other late summer products presented Missouri, Kansas and Oklahoma an increasingly serious problem today. It was the twelfth day of intense heat. Scattering showers last night were ineffectual and while so much as half an inch of water fell yesterday at Topeka, it was in restricted limits.

Cisterns are dry all over the country. Springs that never before were known to fail have ceased to flow. In many sections a good, deep well is a gold mine. Long trains of tank cars supply several Oklahoma and western Kansas towns with all the water they get. A train of thirty cars of water was shipped from Pittsburg, Kas., today to the mines of a coal company in the Pittsburg district to be used by the hundreds of miners and their families and for operating the company's engines. The expense of shipping water, however, is so great that several smaller mines have shut down.

(Continued on Page 11, Column 1.)

TRAIN IS HALTED AND MAN IS GLAD HE GOT 'EM.

Camden, N. J., Aug. 15.—The Bordentown express on the Pennsylvania railway waited five minutes at Delanco station last night after Herbert MacCrosson had leaped from the train and hurried back along the roadbed. Conductor Van Marter, puzzled by the strange flight of his passenger, halted the train and held it until MacCrosson returned.

"I'm glad I got 'em," wheezed MacCosson as he pulled himself into the vestibule.

"Got what?" anxiously asked the conductor.

"My teeth," replied MacCosson. "I sneezed just before we got to Delanco and they hopped right out of my mouth and fell by the track."

MR. HELMKE TO CONTINUE TRIP

Aged Man Found Wandering at Pittsburg Will Sail for Germany.

IS NOW RECOVERED

The fact that Edward W. Helmke, the seventy-two-year-old Fort Wayne man who started alone for Germany last Saturday got only as far as Pittsburg on his journey in five days, has not changed his plans in the least. A message received this morning by Mrs. Herman Helmke, of 115 Douglas avenue, stated that the aged man will sail for the old country Saturday. He will not continue his voyage alone, however, but will be accompanied by Arthur Helmke, a grandson, who has been employed here in the Wabash shops.

The message did not state the nature of Mr. Helmke's illness when picked up early Thursday morning by street car men at Pittsburg, where he was wandering about in the suburbs of the city. It is believed, however, that the pioneer shoe merchant was suffering from heat.

Herman Helmke, a son, who went to Pittsburg last night to look after the aged man, will return to Fort Wayne this evening, while Arthur Helmke, a grandson, will accompany the traveler to Germany for a visit with a sister and brother, whom he has not seen for twenty-six years. This will be Mr. Helmke's third trip across the Atlantic since first coming to America.

GET NO CLUE TO SMITH.

Whereabouts of Missing Financial Man Yet Unknown.

Newark, N. J., Aug. 15.—Private detectives continued their search today for Raymond E. Smith, secretary-treasurer of the Roseville Trust company, of this city, who disappeared early yesterday when state bank examiners discovered a $300,000 shortage. So far as is known no clue to the missing man's whereabouts has been uncovered. The examiners were still at work on the trust company's books today, but they are emphatic in saying that no other banks will be involved in the crash. The shortage, it is said, will wipe out the institution's capital stock, surplus and undivided profits.

TWO KILLED, THIRD WILL DIE.

Auto at Saratoga, N. Y. Leaves Highway and Collides With Tree.

Saratoga, N. Y., Aug. 15—Two residents of Saratoga were killed and another fatally injured when their automobile left a highway and struck a tree today on a sharp turn at the foot of a hill. Albert J. Fountain and Charles Davis are dead and Earl Porter is in a hospital.

DENY EXISTENCE OF THIRD DEGREE

Lawyers Fail to Find Horror in Survey of Work of the Police.

BAR REPORTS READY

St. Louis, Aug. 15.—A summary of the reports to be made by various committees of the American Bar association at the annual meeting in Montreal next month was made public here today by members of the Missouri council. The committee on jurisprudence and law reform will report on the subject of the "third degree" in police work. The report will say in substance that the third degree, as depicted in many newspapers, does not exist. One member of the committee, however, may make a minority report. The committee on judicial administration and remedial procedure will criticise the federal statute requiring that a copy of the indictment and a list of grand jury witnesses be furnished those indicted for capital offenses.

"Your committee," the report will say, "can imagine no valid reason why these privileges should be monopolized by any particular class of criminals and it does not believe the law should recognize an aristocracy of crime. It advocates the extension of these privileges to all who are charged as criminals, and has prepared a draft of a bill to effect its extension."

The committee on uniform state laws will present a "marriage act." This proposed law prohibits the marriage in other states of persons ineligible to marry in the state in which they live.

RESTS ITS CASE AGAINST DIGGS

Government Concludes Testimony in White Slavery Prosecution.

BIT OF PSYCHOLOGY

San Francisco, Aug. 15.—The government closed its case this afternoon against Maury I. Diggs, former state architect of California, with the testimony of Nellie Barton, a friend of Marsha Warrington, whom the government charges that Diggs transported from Sacramento to Reno for purposes which the Mann act defines as a felony.

Judge Van Fleet repeatedly warned Attorney Devlin, of the defense, that his pursuit of "infinitesimal matters not relative to the material issues of the case," was consuming time which later he might find valuable.

Glimpse Into Psychology.

There was a glimpse into the psychology of the story when Lola Norris, of apparent refinement, told how she had permitted herself to be so much in the company of a married man. Drew Caminetti was known to her parents she testified as "Mr. Whitman," and Diggs as "Mr. Fisher."

"Why did you deceive your parents?" asked Devlin.

"Well, I knew Mr. Caminetti and Mr. Diggs were married," she answered, "and I knew that my parents would have forbidden us to go with them, if they had known who they were. I knew it was wrong for me to go with either one of them, but I didn't consider it positively wrong for me to go with Mr. Caminetti, because the time he would spend with me, I knew he would not pass with his wife anyway."

The government attempted to show

(Continued on Page 11, Column 5.)

MEXICO UP IN DEBATE AGAIN

Penrose Forces Situation by His Resolution in in Senate.

WANTS TO KNOW ABOUT DR. HALE

Demands Information Regarding His Status in the Affair.

Washington, Aug. 15.—Senator Penrose forced another debate on the Mexican situation today by introducing a resolution calling upon President Wilson to inform the senate whether William Bayard Hale is in Mexico City as the agent of any executive department of the government, and if so, by what authority he was appointed and what compensation he has been given. The white house explanation of Hale's presence in Mexico has been that he was there as a personal friend of President Wilson, forwarding information.

Senator Penrose declared that he had no desire to further complicate a delicate situation or to indulge in jingoism. He referred, however, to dispatches from Mexico telling of the serious plight of Shirley C. Hulse, son-in-law of Lieut. Gov. Reynolds, of Pennsylvania, who, with his wife and little daughter, are believed to be in danger from revolutionists near the city of Chihauhua. The senator declared that unless the mission of John Lind developed marked change in conditions in Mexico, he would address the senate next week, laying before it certain information he did not disclose today.

Getting Pretty Close to Home.

"Things are getting pretty close to home," declared Senator Penrose, "and are becoming serious when American citizens are molested and their lives and property endangered. Personally, I am willing to wait a few days to see if the mysterious mission of Mr. Lind produces any tangible result. In the event that it does not, early next week I expect to address the senate on conditions in Mexico and will offer a resolution which I hope will go someway toward asserting the dignity of the United States and its firm intention to protect the lives and property in Mexico."

Mr. Penrose asked Chairman Bacon, of the foreign relations committee, if he would reveal the status of Hale.

"I decline to answer," replied Senator Bacon.

Calls it Unsatisfactory.

"Declining to answer will not continue

(Continued on Page 11, Column 1.)

MUST REMAIN STANDING IN ORDER TO KEEP AWAKE.

Weehawken, N. J., Aug. 15.—Miss Alice Geiser, of Weehawken, is the victim of a peculiar malady, which physicians say is without parallel in medical annals. She cannot keep awake unless she stands up. If she sits or lies down she soon becomes unconscious.

The affliction differs from the sleeping sickness of Africa in that Miss Geiser has been troubled with her unusual somnolence for two years, but the course of the African disease is run in about two weeks.

Although she has been under constant medical treatment for two years no headway has been made toward a cure. Miss Geiser is a normal, healthy young woman.

DIGGS LISTENING TO TESTIMONY THAT MAY SEND HIM TO PRISON.

Maury I. Diggs in court listening totestimony that may send him to the penitentiary because he deserted a wife and babies to elope from Sacramento, Cal., to Reno, Nev., with Marsha Warrington, a Sacramento high school girl.

Diggs went in the company of F. Drew Caminetti, son of the commissioner general of immigration, who deserted his wife and two children for Lola Norris, also a Sacramento high school girl.

Both men are charged with violating the Mann white slave act in transporting the girls from one state to another for immoral purposes.

INDIANAPOLIS IS IN FIRST PLACE

Raper Commandery Best of Knights Templar Drill Organizations.

CONCLAVE IS ENDED

Denver, Col., Aug. 15.—With the election of grand encampment officers, conclusion of drilling contests and the selection of Los Angeles as the next conclave city, the 32nd triennial conclave came to an end last night when Sir Knights and their ladies left the grand ball given them in the auditorium.

The day was one of the busiest during the entire conclave and members of the grand encampment in secret session spent many hours in balloting upon officers. Practically the only contest was in the selection of grand junior warden, which was won by W. H. Norris, of Manchester, Iowa, on the third ballot. Samuel P. Cochran, of Dallas, Texas, stood second with George W. Vallery, of Denver, third.

Practically no fight was made against Los Angeles, though New York and New Orleans were said to have been mentioned.

Unopposed for the office of grand senior warden Leonidas P. Newby, of Knightstown, Ind., was elected from the floor.

All competitive drills were ended in the afternoon and the following awards were made last night:

First—Raper, No. 1, Indianapolis.
Second—Englewood, No. 59, Chicago.
Third—Joliet, No. 1, Joliet, Ill.
Fourth—California, No. 1, San Francisco.
Fifth—Chicago, No. 19, Chicago.

The prizes were presented immediately following the announcement of awards.

Besides the election of the junior and senior grand wardens H. Wales Lines, of Meriden, Conn., was chosen grand treasurer. F. H. Johnson, of Kentucky, was elected grand recorder.

All trunks 1-5 off.

YOUNG GIRL HURT IN SWINNEY PARK

Was Riding on Handle Bars When an Auto Struck.

EARLY IN MORNING

Miss Verda Beard, aged 14, was badly injured in Swinney park about 12:30 this morning when an automobile struck the bicycle on which she and an escort were riding. The child was riding on the handle bars of the machine, and both were thrown some distance when the auto struck. The girl's escort disappeared after the accident and his name is unknown to the police. A short time before the collision Miss Beard was riding on another bicycle with John Hille, of Taylor street, but she left him and got on the wheel which was struck, according to information gleaned by the police.

The girl is at the Lutheran hospital suffering from a severe scalp wound. A gash five inches long was torn in the forehead, and her scalp is torn loose about the front part of the head, but there is no fracture of the skull, although it seems miraculous that the girl escaped death as she was struck with some protruding part of the auto. Dr. J. W. Bowers, who is attending the girl, says that she will recover, and she is somewhat improved this afternoon. She regained consciousness about 7 o'clock this morning.

It was not learned who was driving the machine which struck the bicycle as the auto was speeded up after the collision and disappeared. The injured girl was picked up by another automobile party and was brought to her home. Dr. Bowers later ordered her removed to the hospital. She lives at 1430 Wall street and is the daughter of Perry W. Beard, an engineer at the Rolling Mills.

Children's knickerbocker pants 1-5 off.

IN THE CHURCHES

TO SELECT NEW PASTOR.

Salem Reformed Congregation Will Hold Meeting Sunday.

For the purpose of selecting a new pastor to fill the place of Rev. Philip Vollmer, jr., who has resigned, members of the congregation of the Salem Reformed church will hold a meeting Sunday after the morning service. Although several ministers will be taken under consideration it is thought that Rev. Frederick W. Knatz, pastor of a Reformed church in Buffalo, N. Y., will be selected. Rev. Knatz delivered a sermon here a few weeks ago, and at that time made a favorable impression upon the members of the congregation. He has been visiting friends here for the last few days, but left the city for Buffalo this morning.

Rev. Vollmer, whose resignation becomes effective Sept. 1, will leave the city soon after that date to take up post graduate work in the University of Chicago.

CITY TO BENEFIT BY PARCEL POST

New Weight and Rate Ruling Great Advantage to Big Mail Users.

LITTLE NOTICED YET

Thus far the changes in the parcel post system, effective at midnight last night have resulted in no additional burdens in collecting or handling the parcel post mail at the Fort Wayne postoffice, and according to Assistant Postmaster W. J. Hess, it will be some time before the reduced rates, or increased size of packages, under the new ruling affect the local office.

Sooner or later, however, it is believed that greatly increased business will result from the changes brought about by Postmaster General Burleson, as Fort Wayne is heralded throughout the country and among manufacturers, as the center of parcel post distribution. From Fort Wayne a greater population can be more easily reached than from any other city in the United States, and mail order houses and manufacturers are rapidly recognizing the value of the city's location.

Under the new regulations, parcels weighing twenty pounds may be sent by mail. Heretofore the weight limit was eleven pounds. Prior to last midnight, the rate in the first zone was five cents for the first pound and three cents for each additional pound or fraction thereof, except for local delivery. Under the new ruling, the rate will be five cents for the first pound, in the first and second zones, and one cent for each additional pound or fraction thereof. This means a great saving to those who make extensive use of the system which was inaugurated last January.

100 children's wash suits half price.

UNIQUE SCHEMES TO GET SLEEP.

Kansas City Folk Invent Devise to Escape Heat at Night.

Kansas City, Mo., Aug. 15.—Unique schemes have been adopted by many residents of this city to obtain sleep during the hotnights which have prevailed for more than two weeks.

Scores of wealthy families on the south side at night start for the country in their motor cars. When they come to an elevated spot where the prospect of a breeze seems good they get out, pitch their beds in the open and sleep there until driven back home by hot rays of the morning sun. Bert Goings, swimming instructor of the Kansas City Yacht club, said today that he sleeps with a damp blanket over him.

"I am always in the water and don't take cold, but I would not advise anyone else to adopt my plan," he said. Many persons sleep in motor boats on the Missouri river where the air is cool after dark.

All men's suspenders half price.

NEWS OF FORT WAYNE'S NEIGHBORS

LIVED IN ELKHART COUNTY 84 YEARS

John H. Violett, First White Child Born in That County, Passes Away at Goshen.

Goshen, Ind., Aug. 15.—John H. Violett, aged nearly 84 years, generally regarded as the first male white child born in Elkhart county and who resided in this vicinity all of his life, most of the time on the Violett farm, near Waterford, died at the home of his daughter, Mrs. Chloe Irwin, No. 707 South Eighth street, where he had made his home for about four years. His demise was caused by general weakening coming with advanced age and had been expected for several weeks.

Surviving Mr. Violett are his wife, four daughters, one son, two brothers and one sister.

Funeral services were held today at the Irwin home under the auspices of Howell post, No. 90, G. A. R., of which organization Mr. Violett was a member. Burial will be made in the Violett cemetery near Waterford.

Mr. Violett was long a prominent and prosperous farmer and near the close of the war served one term as sheriff of Elkhart county. At the time of his demise he was a large land owner, possessing his old home farm, a farm directly across the Elkhart river from it, where Irwin park was established in the nineties, and a farm at Tippecanoe lake. In addition he owned some Goshen city realty.

His life-long residence hereabouts made Mr. Violett known throughout this section.

John H. Violett was the son of Major John Wesley Violett and was born in a log cabin about two miles south of Goshen, November 22, 1829. His entire life was spent in this immediate vicinity. Mr. Violett's father was one of the earliest settlers in Elkhart county and it has always been contended that Mr. Violett was the first male white child born within the boundary lines of this county.

The Violetts came from Ohio and Major Violett died on the Violett farm, near Waterford, Oct. 24, 1871, at the age of 76 years.

NOBLE COUNTY PIONEER DIES.

Albion, Ind., Aug. 15.—Mrs. Mary Ann Boggs, daughter of George and Susan Harter, is dead at the home of her son, Lewis Boggs, in Green township, Noble county, after an illness due to infirmities incident to old age. She was born in Ohio, March 20th, 1832, and at the time of her death was 81 years, 4 months and 24 days old. When five years old her parents moved to Indiana and she had spent the balance of her life here. In 1852 she was united in marriage to Ozias Boggs, who passed away a few years ago. Eight children were born to them, four of whom survive; namely John and Lewis Boggs and Mrs. David Grumlich, of Noble county, and George Boggs, of Allen county. The deceased was a good Christian woman.

GARRETT RAILWAY MAN KILLED.

Garrett, Ind., Aug. 15.—Henry Basse, a B. & O. brakeman of Garrett, fell between the cars of his train between Union Center and Walkerton, and his frightfully mangled body was found shortly afterwards. He was walking on top of the cars when the accident which blotted out his life happened, and the crew of the train did not miss him until Walkerton was reached. Both limbs and one arm were broken and his head crushed. He was twenty-four years of age and was a son of John Basse.

ADULTS HAVE DIPHTHERIA.

Auburn, Ind., Aug. 15.—Mr. and Mrs. Jesse Seibert, at Twentieth and Van Buren streets, are both ill with diphtheria and Thursday morning Dr. L. N. Geisinger, acting in the capacity of Dr. Dorsey Hines, city health officer, who at present is absent from the city placed the home under quarantine. Just how the disease had been communicated to the Seibert family is not definitely known.

BAR TOBACCO FROM STORE.

Pastor and Girl Partner in Huntington Grocery Will Not Sell It.

Huntington, Ind., Aug. 15.—Passing back into possession of its original owners, who established the business and conducted it "as Christ would do it," the O. K. grocery on Grayston avenue once more is devoid of all that bears a "tobaccoish" odor. The new proprietors are Miss Edith Bowman and Rev. Merton Merica, who have just closed a deal whereby they receive the stock from J. M. Jones and I. E. Clark. The latter purchased the grocery more than a year ago. Miss Bowman has been employed by the firm and is thoroughly familiar with the business. It was she, in fact, who directed the unique policies of the original owners, and she has given notice that no tobacco will be sold in the store under the new management. John Snyder, who conducts a dry goods and notion store in an adjoining room, immediately announced that the grocery patrons may have the barred commodity by calling on him. He has not been handling tobacco, but believes the opportunity warrants the investment.

HE WANTED HIS FURNACE.

Waterloo Junker Almost Put Church Out of Commission for Winter.

Waterloo, Ind., Aug. 15.—A few days ago a junk buyer went to the basement of the M. E. church and commenced to break up the furnace, using a heavy sledge hammer. At the sound of the noise Daniel Rhinesmith went to the church and informed the man not to do so. To this came the reply that he had bought the furnace of Ben Benson, for old junk, and that he could not get the furnace out of the basement without first breaking it up. Mr. Rhinesmith tried to inform him that there must be some mistake, and after going to a telephone and communicating with Benson, it was learned that it was the furnace in the school house that should have been taken out. The damage to the church furnace at that time reached nearly $100 and it is up to the junk man to make good.

ELECTRIC LIGHT FOR MARKLE.

Markle Ind., Aug. 15.—If present plans materialize the town of Markle is going to have full electric service not later than January 1, 1914. This service may be installed by the middle of December, with a spare chance of little earlier, in all probability by the Huntington Fuel and Light company. The town as a unit is desirous of this modern facility and the citizens are organized to obtain such a service at the earliest possible date. A committee composed of Frank J. Harvey, R. C. McGuffey, George Ditzler, William M. Allen, H. O. Boyd, Abe May, Fred Martin, C. F. Boyd, E. E. Youse and Ray Ditzler were in Huntington in conference with officials of the Huntington Light and Fuel company.

DEATH OF AGED WOMAN.

Bluffton, Ind., Aug. 15.—Mrs. Nancy Williams, 79 years old, died suddenly this morning at her home in Barber Mills. She took sick yesterday about noon and during the night was in a serious condition. This morning, however, she appeared much stronger, when she was suddenly seized with the attack that resulted in her death. The attending physician thinks death was due to congestion of the bowels.

Mrs. Williams was the widow of James L. Williams, who died July 10, 1911. She was born January 8, 1834, and for eighteen years had resided in Barber Mills.

SKIN-GRAFTING NECESSARY.

Portland, Ind., Aug 15.—Ralph Corle, the lad whose leg was cut off and the other one badly mashed several weeks ago when he was run over by a Lake Erie train, is still at the hospital, slowly recovering from his injuries. Thursday morning the little boy underwent an operation for skin-grafting on the foot which was mashed. He was given an anaesthetic and skin was taken from his thigh to cover a place on his foot as large as the palm of the hand.

GOT TYPHOID AT RESORT.

Huntington, Ind., Aug. 15.—That many people of the county and outsiders have a wrong impression about an epidemic of typhoid fever is the statement of Dr. C. W. Fry, county health commissioner. As a matter of fact there are but two real cases in the city, and these were "imported" from Webster lake. One case, a slight one, was reported from near Markle, and this came from Webster lake also. Another case in Huntington township outside the city, reported as typhoid fever, is slight, and may yet prove to be something else.

MONTPELIER MAN STILL MISSING.

Montpelier, Ind., Aug. 15.—Circulars with portrait of Willis Redding, who disappeared from here last week, have been sent broadcast over the country. No trace of the man has been found. Redding formerly was editor of the Montpelier Herald, but later engaged in the restaurant business. Last week he was burned out and, believing his loss had embarrassed him, ran away. His affairs are found to be in much better shape than he supposed and he is urged to return.

AGED MAN ASSAULTS WOMAN.

Huntington, Ind., Aug. 15.—Charles Watson, aged 80, of Mt. Etna, pleaded guilty in the court of Justice E. E. Jeffries to assault and battery on the person of Mrs. Lizzie Hathaway, a domestic in the Watson household. The aged man struck her with a fence picket, inflicting a painful injury. He paid a fine of $11.

BLUFFTON NEWS.

Bluffton, Ind., Aug. 15.—The breaking of a brake beam on an oil car in the extra eastbound Clover Leaf freight train yesterday morning at 2 o'clock caused a wreck of three cars and delayed traffic at the C., B. & C. crossing in the north part of the city. The oil car with several others in the middle of the train jumped the track and landed in the ditch.

In one of the largest land deals ever completed in the state C. M. Miller, through the D. L. Reynolds agency, sold 831 acres of land in Blackford county, part of the Godfrey estate, to P. Yoars and Lamb Brothers of Miami county. The consideration in the deal was $200,000. In the consideration Mr. Miller receives 1,600 acres of southwestern Canada land, 200 acres of farm land in Miami county, 100 acres of land in Grant county and $50,000 in cash. Seven hundred and fifty acres of the Canadian land is in wheat and Mr. Miller left last evening to harvest the wheat. The purchasers will take possession immediately.

Andrew J. Brickley, of Kingsland, arrested Wednesday afternoon on a charge of assault and battery by Lawrence K. Plessinger, constable, on a charge filed by George Welch, pleaded not guilty yesterday morning and was released on bond of $50 until his appearance Saturday morning.

Mrs. Nancy Mills, of Barbers Mills, passed away at her home yesterday morning at 9:30. Death was due to congestion of the bowels. She was taken ill in the night, became better in the morning and when a second attack came she was overcome and in a few minutes died. Mrs. Mills was 79 years old and had always been a citizen of Barbers Mills.

A crack team from the office of the Journal-Gazette of Fort Wayne was defeated in several sets of tennis by Huyette and Tangeman, of Bluffton, yesterday. The two teams played nine sets and won one game out of the fifty-five games played. Lipkey and Gill played the first three sets, Gill and Holloway in the second three sets and Lipkey and Holloway in the last three sets. The one game was won in the last set by the Fort Wayne pencil pushers. Morey, of Fort Wayne, refereed the game.

Bluffton's annual Sunday school excursion took about 500 people out of the city yesterday to Goldthwait park, Marion, for an outing. From early morning till late afternoon the M., B. & E. cars were loaded down with human freight and several extras had to be run by the company. The Warren band came to Bluffton in the morning and drummed up the crowd. The day was not very auspicious for the picnic as the rain had been drizzling all afternoon at the park.

Uriah Mast, a well known farmer living near Uniondale, was taken to the Lutheran hospital at Fort Wayne yesterday to undergo an operation for the removal of gall stones. For the past two weeks he has been ill and the operation was the only means of saving his life.

Rev. C. H. Schnieder, for the past thirteen years pastor of the Reformed church at Magley, resigned his position yesterday to take effect at once. He will leave with his family next week for Town Herman, Wis., to take charge of a larger congregation.

ILLS OF WOMEN.

Many women suffer miserably from chronic constipation, causing nervousness, dizziness and sallow complexion. They will find that Chamberlain's Tablets invariably bring relief. These tablets are easy to take and pleasant in effect. For sale by all dealers.—Adv.

THE SENTINEL'S DAILY SCRIPTURE READING.

Luke 21:1-13.

1 And he looked up, and saw the rich men casting their gifts into the treasury.

2 And he saw also a certain poor widow casting in thither two mites.

3 And he said, Of a truth I say unto you, that this poor widow hath cast in more than they all:

4 For all these have of their abundance cast in unto the offerings of God: but she of her penury hath cast in all the living that she had.

5 And as some spake of the temple, how it was adorned with goodly stones and gifts, he said,

6 As for these things which ye behold, the days will come, in the which there shall not be left one stone upon another, that shall not be thrown down.

7 And they asked him, saying, Master, but when shall these things be? and what sign will there be when these things shall come to pass?

8 And he said, Take heed that ye be not deceived: for many shall come in my name, saying, I am Christ; and the time draweth near: go ye not therefore after them.

9 But when ye shall hear of wars and commotions, be not terrified: for these things must first come to pass; but the end is not by and by.

10 Then said he unto them, Nation shall rise against nation, and kingdom against kingdom:

11 And great earthquakes shall be in divers places, and famines, and pestilences: and fearful sights and great signs shall there be from heaven.

12 But before all these, they shall lay their hands on you, and persecute you, delivering you up to the synagogues, and into prisons, being brought before kings and rulers for my name's sake.

13 And it shall turn to you for a testimony.

FRIDAY, AUG. 15, 1913.

The Party Machine and the City.

Reforms usually come slowly, but they come as soon as the people set about in earnest to bring them to pass. Fort Wayne, like scores of other American cities, has struggled along a good many years against the handicap of partisan rule at the city hall, and has made some progress in spite of it. Under other conditions it might have done much better. The partisan machine never helps city government; it merely hampers. Through these years has been growing the popular conviction that what Fort Wayne needed is the rule of civic patriotism and not partisanism. That it has at last crystallized into the now city-wide demand for the banishment of party politics by independent action is the most hopeful augury of better government that Fort Wayne has ever known.

Manifestly political parties have their useful mission in the general scheme of national and state governmental affairs. They enable voters to give expression to their beliefs and policies in a many-sided situation in which there may be legitimate and honest difference as to basic fundamentals. These are reflected in the varying views regarding tariff, currency and similar problems with which the general government must deal. In city affairs, however, no such elements enter. There can be no reason that will stand scrutiny why in dealing with purely local problems voters should be separated into hostile camps, divided by imaginary party lines that mean absolutely nothing, and later pay in inefficient government the penalty the party machine is compelled to levy as the price of its victory and in the hope of perpetuating itself.

Nothing is more natural than that the political machine should wage a bitter fight. It is a battle for very existence by the old system, with ammunition supplied by those who are for the time cherishing hope of being its immediate beneficiaries. The rank and file of the voters who desire to see better government in Fort Wayne know that it is the veriest twaddle to insist that all the ability, all the integrity and all the civic patriotism is embodied in any one political organization. They are rapidly coming to realize too, that Fort Wayne's hopes for the better and more efficient government it ought to have lie in united action, common purpose and the banishment of the party system from the city hall.

President Wilson's attitude in insisting that the senate remain at work until it has completed the task of dealing with matters of immediate importance will have the cordial sanction of the country at large. The president is daily making it more apparent that he deems his party pledges a matter of faith with the people, and that he proposes to see that they are kept.

Meanwhile, do not overlook the fact that in order to vote at the city election in Fort Wayne in November you must register. You can have the choice of two days—September 6 or October 6—in which to perform this duty, but it must be done.

The Indianapolis man of 95 years who has just taken out a fishing license at Warsaw would seem to make it clear that one never reaches an age when he may be said to be positively immune from the lure of the rod and reel.

And being governor of New York hardly fulfills in all respects one's idea of nothing to worry about.

PRESS COMMENT ON NAVAL BASE QUESTION.

British Naval Base in West Indies.

New York Sun: "It ought not to be necessary to say that the naval supremacy of the United States in the South Atlantic and the Caribbean will not be challenged by any European power."

England at Bermuda.

Philadelphia Press: "The establishment of a great base at Bermuda does not necessarily involve any menace to the United States nor any challenge to the Monroe doctrine. England has no designs upon any of our possessions; she does not covet the canal, and the adoption by her of a policy hostile to our interests was never less likely than it is today."

Naval Bases and Foreign Powers.

Philadelphia Inquirer: "There will be no institution of new foreign naval bases on the road to the canal, either on the Atlantic or on the Pacific side of the big waterway. The United States will not permit it."

Bermuda and the British.

Buffalo Courier: "Great Britain has enormous possessions in North America, owns islands in the West Indies and settlements in Central America. It has held Bermuda for over three hundred years, has used it for a coaling station most of the time since the advent of steam, and has as full a right to operate a naval station there as we have at Manila or Pago-Pago."

The Bermuda Rumor.

Philadelphia Ledger: "If Great Britain is determined to establish a great naval base on the Bermuda islands under what process of reasoning can this be construed as a violation of the Monroe doctrine?"

Naval Bases in the West Indies.

Syracuse Post-Standard: "In their declaration of adherence to the Monroe doctrine and in the various applications of it to conditions in South and Central America there has never been any claim that in the territory they hold on this continent European countries have not the same privileges of erecting works of defense, without forfeiting our friendship, that they have in colonies in the east."

Britain's Bermudian Plans.

Baltimore American: "There is here no menace far from it. But, nevertheless, this country is put on notice that Great Britain will have a station conveniently located should the Panama contention become stressful."

CIGARETTES AND CLINICS.

(New York World.)

What the crusade against cigarette smoking has all along lacked, it appears, was a clinic. Moral suasion had been tried in vain, especially upon women. Then came the clinic with a mouth-wash of nitrate of silver and a strict diet, and it is recorded that even hardened messenger boys have been cured of a desire to inhale anything stronger than fresh air while the treatment lasted.

But life cannot be a continuous clinic, and Lucy Page Gaston cannot be at every smoker's elbow forever, and so it is admitted that nothing is so important in effecting a permanent cure as will power, which is true of all bad habits, from gum-chewing downward or upward.

If Miss Gaston and other good people could devise a clinic at which the volition of human beings could be developed and fortified in all respects they would do more for the race than any other reformers have accomplished since creation.

Mrs. W. H. Rush, of 1218 Stophlet street, is a patient at the Lutheran hospital, where she submitted to a surgical operation yesterday.

FREE TO ASTHMA SUFFERERS

A New Home Cure That Anyone Can Use Without Discomfort or Loss of Time.

We have a New Method that cures Asthma and we want you to try it at our expense. No matter whether your case is of long standing or recent development, whether it is present as Hay Fever or chronic Asthma, you should send for a free trial of our method. No matter what your age or occupation, if you are troubled with asthma, our method should relieve you promptly.

We especially want to send it to those apparently hopeless cases, where all forms of inhalers, douches, onium preparations, fumes, "patent smokes," etc., have failed. We want to show everyone at our own expense, that this new method is designed to end all difficult breathing, all wheezing, and all those terrible paroxysms at once and for all time.

This free offer is too important to neglect a single day. Write today and begin the method at once. Send no money. Simply mail coupon below. Do it Today.

FREE ASTHMA COUPON.

All fancy neckwear half price.
PATTERSON-FLETCHER CO.

A motor truck belonging to the Maumee Dairy company and an automobile driven by G. J. Thompson, of 317 Williams street, collided at Webster and Berry streets late yesterday afternoon and both machines were damaged, but no one was injured.

All 50c union underwear half price.
PATTERSON-FLETCHER CO.

Although unable to be at his office, Vice President C. E. Bond, of the Old National bank, is said to be slowly improving and is regaining his usual health.

MANY JOHNS GIVEN PRIZES.

Annual Meeting at Park Near Eaton is Attended by 400.

Muncie, Ind., Aug. 15.—Four hundred Johns, including every size and description, were present from almost every town in eastern and northern Indiana at the annual meeting held at Riverside park, Eaton, yesterday. A feature of the day's program was a clog dance given by John Skinner, 86 years old, of Hartford City, who danced to the music of a violin played by John Wardwell, 88 years old, of Fairmount. Mr. Wardwell was the oldest John present and received a prize. Other prize winners were: Tallest John, John Rittenhour, of Ridgeville, 6 feet 3 inches; youngest John, John Henry Hyer, of Matthews, 10 months; largest John, John H. Hamilton, Huntington county, 375 pounds; homeliest John, John McElvoy, of Fairmount; handsomest John, John Rench, of Gaston. A telegram was received from Representative John A. M. Adair expressing his regrets at not being able to be present. The following officers were chosen: John Long, of Eaton, president; John C. C. Rops, of Eaton, secretary, and John Forman, of Eaton, treasurer.

---

25 dozen 5c blue handkerchiefs 2½c each.
PATTERSON-FLETCHER CO.

PROF. HENRI MARION DIES.

Naval Academy Instructor Passes Away at Culver.

Culver, Ind., Aug. 15.—Prof. Henri Marion, for thirty years professor of modern languages in the United States naval academy, died in a hospital here yesterday of a general decline.

Prof. Marion was designated by the government as the official interpreter of the party that brought back the body of John Paul Jones from France to this country in 1906, and later write a volume on "The last cruise and final resting place of John Paul Jones."

He was the author of many text books in French and Spanish. He is survived by the widow and one son, Ensign Paul Marion, U. S. N., who is now aboard the Kansas. The widow is traveling in Europe.

All young men's two-piece suits, sizes 15 to 19, half price.
PATTERSON-FLETCHER CO.

Miss Blanche Bailey, a clerk at the Anthony hotel, eloped with Pausto Adolpho, a Filipino, to Detroit last Tuesday and were married. One of Miss Bailey's friends married Pablo Pelaya, owner of the Manila restaurant on Harrison street, and the courtship came about when Adolpho became acquainted with the restaurant man and his wife.

ROBS SURGERY OF ITS SHOCK

Cleveland Physician, Known in Fort Wayne, Makes Discovery.

GIVEN OUT IN LONDON

Cleveland, Ohio, Aug. 15.- The gray-beards of medicine are sitting at the feet of a young American from Cleveland, Ohio.

This young man, it appears from medical journals, has all but barred the angel of death from the operating table.

His name is George W. Crile. Despite his youth he has long been a noted sur-

DR. GEO. W. CRILE.

geon. It was he who was called to the deathbed of E. R. Harriman to decide if an operation would save the railroad wizard. He decided that it would not.

The news in the medical world is that Crile has invented a method which frees surgical operations from shock—from the agony following the knife!

Do you know what that means?

You thought, perhaps, that the use of chloroform and ether and other forms of anaesthetics keeps the patient from feeling the pain of an operation. It does, but—only while the actual operation is in progress.

The use of ether or chloroform has never been able to free the patient from the terrors of anticipating the operation. They have not softened the awful night of pain and fear immediately following an operation. In a word, they have not been able to prevent a terrific shock to the entire human anatomy. And time out of time you've heard of operations that were entirely "successful" but the patient died of shock.

Dr. Crile's discovery has just been formally announced before a great meeting of eminent surgeons in London, where his method and his name were accorded the greatest honor.

Following that meeting, London Lancet, the greatest medical journal in the world, secured from Dr. Crile a description of the new surgery. His paper in the Lancet was lengthy and was written especially for the eyes of medical men, but from the article we have secured the following brief account of "Surgery Without Shock:"

When the patient comes to his hospital he examines him carefully. He finds out, first, what operation is necessary. Then, if he finds that the case, in his opinion, is one upon which he can properly operate, he places the patient under treatment for a day or two. He realizes that it is the personal fear and the reactions from the knife's pain that causes deaths from shock—in a word, that these are shock. So he systematically goes about removing this fear and eliminating the pain.

The treatment of the patient consists of putting him under the influence of anaesthetics. Dr. Crile uses practically three kinds of anaesthetics. One kind is called local. Cocaine is of this type. Cocaine put on the flesh stops all sensation in the part to which it is applied. Dr. Crile uses a preparation similar to cocaine.

And he also uses an anaesthetic like ether or chloroform that puts the patient to sleep. He uses these two once or twice under the form of treatments.

The first time the patient takes them he is assured that he is not to be operated on. He falls into a pleasant sleep and when he wakes he feel fine.

The next day the same thing is done. By the time the third day arrives the patient has lost his fear of taking the stuff the doctor gives him.

This time, after he has fallen asleep, he is wheeled into the operating room and the operation is performed. Then another substance is injected into the tissues around where the operation has taken place which prevents the sensation of pain, and this effect of absence of pain lasts for several days after the operation has been performed.

After the work of the knife is completed the patient is put back in bed. When he wakes he doesn't feel any pain and he is not conscious of having undergone any unusual experience.

By the time the effects of the drug wear off so has all reason for pain, and all the patient has to do is to wait until the muscles that have been separated in the operation grow together again, to be as active as he ever was.

The preparation Dr. Crile uses to prevent pain during the hours and days succeeding an operation is quinine and urea. In producing sleep for the patient, which is in the form of a protection of the patient against knowledge of the actual operating, ether or nitrous oxide are used. Novocaine is the preparation used before the operation to prevent pain.

Dr. Crile calls his system anoci. Anoci means excluding harmful associations.

That the method is a success is shown by the fact, Dr. Crile points out, that in 2,600 operations in which it was used the death rate was 1.9 per cent.—a lower rate than was ever heard of before. In the last 1,000 operations performed by Dr. Crile the death rate was eight-tenths of one per cent!

DOCTORS COME TO AN AGREEMENT

Now Concede That the Cure of Disease is Brought About Through the Blood Stream.

Practice of Medicine Rapidly Becoming an Exact Science.

For many generations the people have been led to believe that the only good medicine would do was through an empirical standpoint or because certain remedies were given solely from the fact that some one else had been cured by them. All this is changed today. Instead of resorting to surgical operations when everything else had failed, medical science has made such wonderful progress that when a proper diagnosis is given that the cure of chronic diseases can be almost accurately foretold.

The most learned physicians of the present time now understand that these conditions are cured through the blood stream by increasing the red cells and stimulating all metabolitic processes. This does away with surgery in almost all cases, although surgery at times is necessary.

Today the great pathological institutes for original research work, the heads of the great established laboratories of this world have realized that the cure of most diseases can be accomplished without surgery and must be done through the blood stream itself. The United Specialists have kept themselves abreast of every advance in medical science and have proven to many people of Fort Wayne that many so-called surgical diseases can be cured through the scientific administration of medicine. Of course, the successful treatment of disease must depend on a thorough understanding of any case and an absolute diagnosis of the conditions. These specialists through years of experience and their wonderful mechanical equipment can diagnose correctly nearly every doubtful and deep-seated condition. As an example of their wonderful blood cell-building methods, Mrs. Mary Ince, of Fort Wayne, writes:

Fort Wayne, Ind.,
Aug. 1.

To the Public:

I had been ill for five years. I had been doctored by a great many physicians outside of Fort Wayne and by two physicians in Fort Wayne, besides taking a great many patent medicines. I had constant pain in my side, had sick headaches and vomiting spells and had to discontinue work of any kind many times during my illness. Some doctors wanted to operate on me. I began treatment with the United Specialists July 9th. Have had none of the old pain, vomiting spells or headaches, since I began treatment. Anyone is welcome to ask me as to my condition. I am satisfied that if I continue my treatment I will obtain a complete cure.

Yours truly,
MRS. MARY INCE,
2719 Winter St.

These testimonials from the public should convince the most skeptical as to the good work being done by these physicians. Mrs. Ince had only taken treatment for three weeks and cheerfully wrote this testimonial so that other people might get the benefit of their skill.

Many men who have formerly been treated for years have asked the United Specialists to refer other men to them. —Adv.

Our Great Half Price Sale

BETTER EVERY DAY

Hirsh Wickwire and Hart Schaffner & Marx Fine Clothing at Half Price is What the Thrifty Fellows are Looking For.

READ THE PRICES AND COME

PATTERSON - FLETCHER COMPANY

DR. STEMEN IS HONORED.

Local Physician Re-Elected President of Elida Pioneer Association.

Dr. C. B. Stemen, of this city, has been re-elected president of the Elida, Ohio, Pioneer association, which held its annual reunion Thursday at Elida, Ohio. Owing to impaired health, the well known surgeon delivered only a brief address. Ten thousand persons attended the reunion ceremonies.

Dr. Stemen was accompanied to the Ohio village by his daughters, Dr. Harriett Macbeth and Mrs. Clara Smith. Mrs. Smith resides at Kansas City but has been visiting here for the last two weeks.

IT WAS NOT HIS BROTHER.

Daniel Stoner Unable to Identify Man Killed By Lightning.

Daniel Stoner, of this city, has returned from Poe, and after making an examination of the body of the aged man killed near Hoagland one week ago, found that the lightning victim is not his brother, as supposed at first. The absence of a slight scar between the ear and mouth, and a good set of upper teeth proved that the man was not Samuel Stoner who was well known about Decatur, and who has been missing since last January.

Judge Merriman and several other Decatur people were present when the remains were exhumed. They were astonished at the resemblance between the dead man and Samuel Stoner, but the absence of a small scar on the cheek showed that they had been mistaken in the theory that the unfortunate man was Mr. Stoner.

HOLD SUCCESSFUL SOCIAL.

Boy Scouts Are at Last Permitted by Weather to Hold Event.

After two postponements the local Boy Scouts held their social and band concert last night at Swinney park, and the large crowd which attended made the event a success. The picnic was held for the purpose of securing funds to defray expenses at camp at Rome City. The boys will go to the resort on Aug. 17 and stay two weeks.

Little Tootie Fehrenbach, of West Main street, won the contest to decide the most popular little girl between the ages of four and ten years, and was presented with a beautiful doll. She received 9,730 votes. When presented with the doll she accepted the honor in the following "speech," "I fank you all for helping me to get this beautiful doll."

CONVENTION COMMITTEES.

Executive Committee of Buffaloes Holds Session.

A special meeting of the supreme executive committee of the Benevolent Order of Buffaloes was held in its headquarters in the Arcade building last night and arrangements were made for Supreme President Fred Eckart to appoint the various committees for the Louisville convention, which starts on Sept. 29. Those who will serve on the committees will be named in a few days. The following were present at the meeting last night: Hon. R. L. Harris, Louisville; Hon. Joseph T. Harris, Cincinnati; A. M. Horstman, Fort Wayne, and supreme organizer of Fort Wayne. The degree team is preparing to take part in the Louisville convention.

WANTED — Office boy; good opportunity for advancement. Apply quick. Address Box 9, Sentinel.
13-3t.

IF UNCLE SAM RECOGNIZES ANYBODY IN MEXICO—HERE'S THE MAN.

This is Gov. Venustiano Carranza, of the state of Coahuila, Mexico, who is also commander-in-chief of the rebel forces which hold most of the northern half of the country. Gilson Gardner says that if President Huerta continues obstinate, the United States will probably recognize the belligerency of the rebels. This will permit Carranza to ship across the border rifles, cannons, aeroplanes and all the shooting irons he wants, and that, of course, will give him a fine edge on Huerta. Also, such recognition will enable the honorable rebel to borrow money, which will be a great comfort to him, being a Spanish-American.

KANE'S 614 Calhoun St.

Society

With many an omen of good luck used in a prettily and daintily appointed "good luck" party, Miss Gwendolyn Saylor met about twenty of her friends this afternoon at the home of her sister, Mrs. Marriott Price, of Arcadia court, who gave a thimble party assisted by Miss Georgia Saylor. A merry time was spent on the porch where the guests hemmed napkins and visited. The lovely setting of fine old trees about the residence and jardinieres of pink zinnias and sweet-peas made the particular coloring for the decoration and contributed to the beauty of the affair. At supper time the particular signs of good luck appeared. Cards announcing the date of Miss Saylor's wedding to Abbott Carter to be September 10 were hidden in sweetpeas clustered in the center of the table. Tiny wedding bells were attached to these cards, gold wishbones and four-leaf clover cut from green peppers ornamented the salad, and crescent shaped sandwiches were passed over the left shoulder to insure further good luck. There were only a few of the "signs" portending future happiness that were used as everything pretty that could be thought of was brought into play for an appropriate prenuptial party. Miss Saylor and Mr. Abbott both enjoy not merely the confidence and esteem of their many acquaintances but the affection and sincere admiration of many friends. Mr. Abbott is a salesman at the Fort Wayne Electric works and is a son of Mr. and Mrs. Charles L. Carter, of East Creighton avenue. Miss Saylor is a daughter of Mrs. George B. Saylor, of Lincoln avenue. The wedding will be a small home affair with only members of the two immediate families present. Among the guests at the entertainment this afternoon were several from away. They were Miss Effie Abraham, of Muncie, who is the guest of Miss Helen Lane; Misses Hilda and Helen Trimpe, of Sidney, O., who are visiting Miss Georgia Saylor, and Miss Elizabeth Secord, of Indianapolis, the guest of Mrs. Scott Bicknell.

* * *

Misses Martha and Dorothy Dix are at Rome City for a few days' outing.

Miss Elizabeth Fulton, of Huntington, is visiting relatives in Fort Wayne.

Miss Frieda Sunshine, of Chicago, is visiting Mr. and Mrs. Jacob Sunshine, of Lawton place.

Mrs. E. Strader, of 1232 Lafayette street, has gone to Hamilton, Ohio, for a month's visit.

The Misses Hilda and Helen Trimpe, of Sidney, Ohio, are visiting Miss Georgia Saylor.

Mrs. N. F. Reifers and daughter, Mary, of Lafayette, are the guests of Mrs. Al Cook, of Wallace street.

Mrs. O. H. Lilley has returned from Chicago, where she had been visiting relatives for two weeks.

Miss Minnie Gettys, of 1330 Scott avenue, has gone to Rome City for a six weeks' outing.

Mrs. H. Brook Sale went to Chicago today for a short visit and will go from there to Lake Maxinkuckee, where she will join some Indianapolis friends.

Miss Claudia Scott, of South Whitley, is spending a few days in the city visiting friends.

Mrs. Edmund Seidel and son, Edward, have returned from a trip to Detroit, Mich., and Cedar Point, O.

J. F. Bauerle and son, Howard, are going to Hamilton, O., on Sunday for a few days' visit.

Mrs. Anna Beer, of Berne, is visiting the family of J. P. Baumgartner, 3012 South Calhoun street.

Mrs. Cora Yakee and daughters, Wilma and Theresa, of Binghamton, N. Y., are visiting Mr. and Mrs. Martin Detzer.

Mr. and Mrs. Stephen Morris will leave on Sunday for Niagara Falls, New York city and a trip down the Hudson river.

Mrs. Arthur Trenkley, of Chicago, is visiting Mrs. Emily Trenkley, of Washington boulevard west.

Mr. and Mrs. H. V. C. Hart and son, Henry Hart, of Adrian, Mich., are to be guests of Mr. and Mrs. Robert Millard over the week-end.

Howard Davis has returned to Schenectady, N. Y., after a visit of seven weeks with his grandmother, Mrs. C. A. Stouder.

Mrs. J. J. Andre and children, who have been visiting relatives and friends in the city for four weeks, are planning to return to Chicago next Sunday.

Mrs. F. L. Racine and daughters, Misses Lottie and Stella, have gone to South Milford to attend the golden wedding anniversary of Mr. and Mrs. Charles Austin.

Miss Marie Berghoff is planning to accompany her cousin, Miss Elly Elkemann, of Dortmund, Germany, home when Miss Elkemann leaves sometime during September.

Mrs. John Ross has returned from an outing at Rome City. Mrs. Ross was a guest during the time of Mrs. George DeWald, who gave a lovely party Wednesday in honor of Mrs. Simpson, of Grand Rapids, and Mrs. Ross.

Mrs. Oliver S. Hanna and granddaughter, Juliet Grosvenor, leave tonight for Northport Point, Mich., where Mrs. Creighton Williams and little child are spending the summer. Mrs. Hanna expects to be gone about ten days.

Prof. and Mrs. A. Crull and Rev. August Lange have gone to New York and from there will proceed to Allerton, Mass. Allerton is located on Quincy Bay, opposite Boston harbor, and Rev. Mr. Lange will remain there indefinitely for the benefit of his health.

Mrs. Robert S. Bradshaw and children, of St. Louis, Mo., were in the city yesterday on their way to Lake Wawasee where they are to be guests of Mr. and Mrs. F. E. Stouder for a day or two. Mrs. Bradshaw has taken a rottage at Clear Lake and will go there tomorrow. The children and Mr. Bradshaw will join her a little later.

Miss Laura Gallmeyer, of Broadway, entertained the members of the B. I. F. club on Wednesday evening. Miss May Trautman won the prize in a contest. All enjoyed a pleasant time. The club members are Misses Ida Piepenbrink, Nora Nonick, Olive Archer, Gertrude Stegner, May Trautman, Edith Klenke, Anna Geyer, Margaret Alexander and Laura Gallmeyer.

Miss Christine Pepe, of Washington boulevard west, entertained a few friends at a delightful musicale on Wednesday evening. The program was given intormally by Miss Helen Loos, Miss Helene Spindler, Miss Pepe and others. The guests were Misses Genevieve O'Rourke, Isabel Ehrman, Eda Seymour, Helen Loos, Helene Spindler and Messrs. Fred Zimmerly, Carl Schnee, Roy Zimmerman and Clark Holzworth.

Kenneth and Kathleen Andre, twin children of Mr. and Mrs. J. J. Andre, of Chicago, celebrated their seventh birthday anniversary on Tuesday at the home of their grandparents, Mr. and Mrs. T. R. Nelson, 2414 Smith street. The decorations of the rooms and the supper table were red and pink in coloring. The children had a fine time. The guests were Donna and Marjorie Kruse, Helen and Dorothy Hoffman, Claudine Dahm, Theodore and Albert Hoffman and Edmund and Joseph Andre, of Chicago.

The Sigma Rho girls met at Robison park last evening and enjoyed an elegant spread in the grove. The members of the club present at this delightful affair were Misses Loretta Ankenbruck, Isabell Ehrman, Helen Baker, Elizabeth Berghoff, Marie Labbe, Marie Berghoff, Louise and Beatrice Heiny. The out of town guests were Miss Irene Barlowe, of Dayton, Ohio, and Miss Elly Elkemann, of Dortmund, Germany, who are visiting Miss Marie Berghoff, and Miss Magdalen Till, of Logan, Ohio, who, with her mother, is spending several weeks in the city at the home of Mr. and Mrs. John N. Till.

* * *

Christman—Schmitt.

Miss Anna Schmitt, of East Taber street, and Mr. Nicholas Christman, a clerk in the D. & D. Supply store, were married in St. Joe, Mich., on Sunday, August 10. There was no objection to the wedding on the part of the parents, but the young people desired to surprise their friends and took this way of doing it. The bride is a stenographer in the Killian Vorndran real estate office. The bride and groom sent messages to friends and relatives here and will soon return from their vacation and wedding trip.

* * *

Rumbaugh—Fields.

Miss Alta Fields and Mr. Harry G. Rumbaugh were married on Thursday evening at the parsonage of Calvary U. B. church by Rev. G. F. Byrer. The bride and groom formerly lived in Antwerp, O., and the marriage will be a surprise to their many friends both in this city and in Antwerp.

CHILDREN WHO TOOK PART IN THE ORPHANS' HOME OF THE REFORMED CHURCH ANNIVERSARY AT FORT WAYNE THURSDAY.

No. 1—Some of the boys who gave the flag song. All would have been in the picture, but for the fact that a generous business man created a stampede by an offer to buy ice cream.
No. 2—Margaret Reinhard, the littlest girl on the program and the baby of the home until three months ago.
No. 3—The babies of the home and the pets of everybody connected with it.
No. 4—Girls who took part in the interesting doll drill, one of the features of the entertainment.

A Simple White Dress

Simplicity is the cardinal point of the White Dress Parade and a simple white dress is all that is necessary. Add to simplicity purity, innocence and modesty and you have the parade's keynotes. It is not the idea of the parade to wear a silken gown, but just the simple white dress which you already have.—Adv.

AT THE MAJESTIC.

John W. Vogel's Big City Minstrels Tomorrow Matinee and Night.

John W. Vogel's Big City Minstrels, which comes to the Majestic tomorrow matinee and night, will doubtless prove a strong drawing card. The company is a large one and well balanced, contains a host of clever up-to-date comedians and vocalists and an olio of specially selected vaudeville acts.

Tommy Donnelly, "that phunny pheller," is a wonder. Mr. Donnelly is unique as a monologue artist, as he possesses a singing voice of much clarity and sweetness, something very few in his special line of stage work enjoy.

He is as clever as the best and performs it with much more ease than any other performer in his line. He responds to his encores and exhausts his responses to the audience. Wherever Mr. Donnelly appears he wins a loyal clientele.

Prof. James L. Fiming, the well known musical director, whose ability has gained for him many warm encomiums from musical critics throughout the country, has charge of the band and orchestra. There will be a grand and imposing free street parade at noon and a band concert in the evening.

THE AIRDOME.

Airdome Show Will Play in the Majestic Tonight in Case of Rain.

The Airdome vaudeville show will be given in the Majestic theater this evening in case the rain continues up to the time of the performance. This week's bill with Al Cooper, the comedy cartoonist; Carl Brown, the character comedian; Richards and Biemer in songs and stories, and the Two Kilties in a bounding rope act, make up one of the most pleasing and entertaining shows that has been seen in the outdoor theater so far this season.

The performance starts at 7:30 and is continuous.

AT THE JEFFERSON

Everybody delighted with "The Nemesis," the greatest thriller ever seen; a story that holds you spellbound from the very start to the finish, and it will be repeated tonight and an extra picture will be shown with it entitled, "A Drop of Blood," a one-reel Solax feature. Tonight is amateur vaudeville and some new features will be seen as well as the ever popular Ralph Patterson, basso, and Rae Collins (the Georgia Rosebud), soprano, both with new songs. Saturday comes "A Woman Scorned," a Great Northern two-reel feature.

THE GEM.

"FROM THE SHADOWS."

There has been a drought. A group of Indians are seen gloomily looking at the dying cows.

A scout warns the commander of the fort to be on his guard, but he makes light of it.

The colonel's wife is in delicate health caused by brooding over her child's death. She pleads with him to adopt a boy, and he gently, but firmly refuses.

Mrs. Bruce sees the happy wife of the sergeant, frolicking with her small children, and she risks the colonel's displeasure by calling at the sergeant's house. Her reason is being threatened and she becomes sick.

The Indians decide to attack the settlement to obtain food, and hold a war dance and light fires, with the smoke of which they signal to their brothers who arrive in great numbers. They swoop down upon the cabins of the immigrants, killing the owners and sacking the houses. In one place a woman had placed her child in a crib on the shady side of the house, and it was overlooked.

The scout again gallops swiftly to the fort and upbraids the colonel for his failure to take precautions. The troops hasten to the scene of conflict. A terrible struggle takes place with the maddened redskins, who are driven off after heavy losses in killed and wounded. The baby is found and taken back to the fort, when in a pathetic scene, is the means of helping the colonel's wife back to health.

NOSE BUILT FROM HIS RIB.

Bone Taken From Brakeman's Side Gives Him New Organ.

Baltimore, Aug. 15.—Adam Williams, of Pittsburg, a railroad brakeman, whose nose was broken last winter when he struck an overhead bridge, is convalescing in a local hospital here with a new nose built of bone taken from one of his ribs. After he was hurt the surgeons removed the broken ones from his nose, but he had to breathe through silver tubes till the wound healed. This, however, left him minus two nasal bones, and the bridge of his nose was flat on his face. Recently the surgeons decided upon a second operation. They made an incision in his right side, sawed a thin piece of bone from his third rib, and cut it into two pieces the shape of the two nasal bones. These were fitted against the cheek bone and the nose fashioned into its proper shape. The nose then was placed in a plaster cast and the doctors say it is as good as ever.

JERUSALEM LIGHTS STREETS.

Praiseworthy Attempts Being Made to Improve Thoroughfares.

Jerusalem, Aug. 15.—Since the extension of compulsory military service to non-Moslems there has been a marked tendency to emigration among the more intelligent Jews and Christians of Jerusalem, a tendency which was further accentuated by the abuses of the tax collector, and the encouraging reports recived from friends and relatives already settled in America. The population of Jerusalem is composed of 50,000 to 60,000 Jews, 13,000 Christians and 12,000 Moslems. The British community, largely a missionary one, comprises about 350 persons. The principal streets and the temple area have been lighted and praiseworthy efforts are being made to improve the condition of the public thoroughfares.

TALK OVER GOOD TIMES AT FEAST

Orphan Children Enjoy Good Things During Anniversary.

GIVE FINE PROGRAM

Out at the orphans' home of the Reformed church today the children who were present at the thirtieth anniversary celebration Thursday spent most of the day talking over the good things provided for them by generous visitors who attended the exercises and who made the little boys and girls there their guests and who bought ice cream and candy and all the things that children most love and filled each little "bread basket" full.

It was a most difficult task to pick out the orphans from the throng of two thousand people present. They were as well dressed, as well cared for and as happy as the children who went out from their own homes to see the exercises and enjoy the big feast.

There were speeches by the older people who are interested in the home but the visitors centered their attention on the boys and girls and the older folk ran second. When they were assembled the children looked like the pupils of a well regulated school and there was nothing in their appearance or demeanor to indicate that they are dependent upon the good people connected with the Reformed churches for their sustenance.

A program of songs and a drill by seventeen little girls with their dollies were the feature of the afternoon. When little Margaret Reinhard, who was the baby of the home until three months ago, bravely stood up before that big crowd and sang a song there were rounds and rounds of applause and this same reception was given the boys who took part in a most attractive flag song. There were songs by the older girls and after it was all over these girls assumed charge of the little ones and cared for them during the afternoon and performed the task cheerfully and well.

Rev. John F. Winter, superintendent of the home, and his good wife had charge of the exercises which were held on a platform in the grove and the manner in which they conducted the affair indicated very plainly why they are so popular with the seventy-one little children under their care.

The program consisted, aside from the exercises by the children, of songs, a scripture reading by Rev. A. Grether, of New Bremen, O., and a talk by Rev. J. Friedle, who was the principal speaker of the day. He said the churches have been liberal in their support of the orphan children and the excellent conditions at the home stood out as proof that his statement is true.

On the platform with Rev. Winter and the orphans were the Rev. and Mrs. Bosch, of St. John's Reformed church, and the following members of the board of management: Rev. H. H. Kattmann, Berne, Ind.; Rev. F. H. Diehm, Huntington; Rev. Qual, New Brunswick, N. J.; Dr. Stueber, Lima, Ohio; Rev. A. Grether, New Bremen, Ohio; Math. Keisch, Decatur, Ind.

The Cheerful Life

It is the right of everyone to live and enjoy the cheerful life. We owe it to ourselves and those who live with us to live the cheerful life. We cannot do so if ill health takes hold of us.

The wife, mother and daughter suffering from hot flashes, nervousness, headache, backache, dragging-down feeling, or any other weakness due to disorders or irregularities of the delicate female organs—is not only a burden to herself, but to her loved ones.

There is a remedy. Forty years experience has proven unmistakably that

DR. PIERCE'S
Favorite Prescription

will restore health to weakened womankind. For *40 years* it has survived prejudice, envy and malice. Sold by dealers in medicine in liquid or tablet form. Dr. Pierce's Favorite Prescription Tablets can be had of druggist or mailed on receipt of one-cent stamps—for $1.00 or 50c size. Address R. V. Pierce, M. D., Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules.

PENMAN TAKEN; ADMITS SLAYING

Shaw Murderer Says He Was Drunk and Crazy to Own Racing Auto.

HAZY AS TO DETAILS

Danville, Ill., Aug. 15.—Emaciated, suffering from remorse, and lack of sleep, his single aim being to return to his home and talk with his father and mother before giving himself up to justice, Gust Penman, the 21-year-old murderer of Harold Shaw, was captured at Ridge Farm, fifteen miles south of Danville, late yesterday afternoon. He made a full confession of his crime.

"I had been drinking—I was drunk—and possessed of a crazy desire to own Shaw's racing car," he sobbed out in the jail last evening. "I shot Shaw twice with my revolver while we were under a tree in my father's pasture.

Finds Grave Digging Hard.

"Later I went back and buried him. The ground was awfully hard. I dug in three places before I could find a spot soft enough. My recollection of what took place immediately before and after I shot him is indistinct.

"It's an awful thing—I would give anything, do anything to see Harold Shaw alive and well now. I don't see what possessed me to do such a terrible thing."

Penman asked Shaw to take him riding alone. He said he could not remember exactly how they came to go into the pasture. He remembered being under a tree, shooting Shaw in the head twice and leaving the place in Shaw's car. Going back home, he said he had purchased Shaw's car and the latter had gone on a vacation.

Hides Crime at 3 A. M.

At 3 a. m. Sunday he dragged Shaw's body from beneath the tree, dug a shallow grave and covered Shaw's body. He then started for Danville, where he was arrested for not having a tail light burning, but allowed to go after placing the car in a garage. Penman then beat his way to Cincinnati, intending to continue to Argentina. Upon arriving there, without money and ill, he decided to return home, tell his parents all, and surrender. Arriving at Ridge Farm the empty box car in which he was riding was sidetracked and he was found in it fast asleep last evening by two young men of the village.

Penman was taken from Danville and placed in the Champaign county jail last night. A hundred persons were gathered about the jail, but no threats were heard.

"I am glad I am here," said the prisoner. "I will get some sleep at last. I have not slept since last Friday night."

William T. Shaw, father of the murdered boy, on his return from the funeral of his son, which was attended by hundreds, said:

"I don't take any stock in Penman's story that he intended to give himself up, nor do I believe Penman is insane."

Robert Penman will use his wealth in an effort to save the life of his son.

HOT RIVALRY FOR STELLAR HONORS

Bill Burns and Never-Sweat Lee Try to Crowd Each Other from Boards.

NEWS OF THE POLICE

When "Never-Sweat" John Lee found that Bill Burns was again poaching on his eminences in local police history he promptly got drunk, got arrested and got into the void that has been aching in Judge Mungovan's tribunal since last January. Bill Burns was on hand likewise to add another lap to the sanctioned race he is making to overtake "Never-Sweat." Burns had sorted out two choice specimens of vagabond humanity and the three went bunking together last night in the Dunn coal bins on the northside, where the trio was gathered in by Officer Pattee. Judge Mungovan delivered a nice little homily to Harry Hines and Joe Lawrence, who had made an improvised and ill-considered jointure of their fates with Bill's precarious fortunes. The judge related to them how Bill broke into houses tenanted by perfect strangers to him and went to bed; how he bedded down on compost heaps; how he sought couch in snowbanks and how he had a strange fashion of tumbling himself into rivers to woo the reluctant charms of Morpheus. He warned them of the snares, pitfalls and perils multitudinous of yoking their fortunes with Bill's, and let them go to escape if they would. Then he greeted Bill with the bonhomie of familiar acquaintanceship, got Bill's seventy-ninth promise that he would never do it again and Bill toddled forth to freedom and fresh adventure.

"Never-Sweat's" arrest was the first in eight months and it was a plain case of souse that got him in. Lee had observed Bill Burns' standing in court with furtive but jealous eye and he pleaded guilty without reserve. Lee told the court that he could make history another eight months and not write any of it on the city court record and he was told to go out and try.

Chases Wife; Hacks Self.

When Bicycleman Dant Kintz got out to 1038 Forest avenue at 5:30 last evening he found Spencer Franklin drunk, loitering and just recovering from a homicidal frenzy during which he had pursued his wife with threats to make way with her and ten to slay himself. Franklin as been a whole lot on a drunk and little at work for a long time. His wife had to leave him and take her children because he would not support his family. A few days ago he threatened to commit suicide and hacked his throat and arms with a razor, but not enough to do serious harm. Yesterday he got drunk and went out to Forest avenue to persuade his wife to return to him. She refused and he started a rough-house that caused his arrest. Under $300 bond which he could not procure Franklin's case was continued for thirty days.

Negro Courts Prison Again.

Isaac Fryerson, a "bad nigger," was sent from the city court to jail to wait until the 19th inst. on a loitering charge. Fryerson is believed to have stolen $15 from a pocketbook in the home of Mrs. Bryan, 126 Eureka street. He had $5.50 when arrested by Detective Sergeant Pappert. Fryerson had just been released from jail, where he did six months for highway robbery and he claimed the money found on him was the balance of $9 he had when discharged by Sheriff Gladieux. With another negro he went to the Eureka street hoouse.

Other Police Court Cases.

Henry Kever, 820 Belle avenue, was arrested at the instance of his wife, who complained that he had beaten her. His case was continued until tomorrow under $100 bond. Kever is reported to be a flagrant offender in his treatment of Mrs. Kever.

William Waltke was discharged in a continued case charging him with neglecting his children. He proved to the satisfaction of the court that he has been paying as much as he is able to support the children and that his contributions have been frequent and liberal. The Waltke's are divorced and about every change of the moon Mrs. Waltke has her ex-husband arrested on a similar charge. Deputy Prosecutor Callahan says she will get no more cases against him if he can help it.

The case of Alfred Gatewood, charged with murder in the first degree, for the killing of James Moore, was continued until August 25th. Gatewood is the negro who killed his colored rival Monday night on Calhoun street in a duel over a wench.

Joseph Black, who not long ago served a sentence here for stealing a bicycle, was told yesterday by Chief Abbott to leave town. He failed to get out and arrested by the chief. He went over for fifteen days for vagrancy.

FAST NET PLAY AT WARSAW.

Zimmerman Defeats Andrews in Winona Tennis Tournament.

Warsaw, Ind., Aug. 15.—The greatest playing ever seen in norther Indiana came in the annual Winona tennis tournament yesterday when Zimmerman, of Mishawaka, Ind., defeated Andrews, of Hamilton, Ohio, two out of three sets, 9-11, 6-1, 8-6. Both men were picked as winners. Andrews having lost last year's cup and Zimmerman winning the honors in 1911. With Andrews out, Thomas, of Lake Forest, and McNagney, of Columbia City, are picked as the strongest contestants.

Thayer, of Lake Forest; Gauer, of Morrisonville, Ill., and Jernegan, of Mishawaka, are the other men in the race. In the doubles the fight remains between Thomas and Thayer, of Lake Forrest, Manning and Gauer of Morrisonville, Ill., and Andrews and McNagney. The tournament is managed by Mellick, of Lake Forest, who is director of athletics at Winona.

100 dozen plain white 5c handkerchiefs, 2½c.

PRESENTS A NEW LOT OF PLAYERS

Outfit Looks Good in First Game and Wins Over Dayton.

OPEN AT SPRINGFIELD

(Special to The Sentinel.)

Springfield, O., Aug. 15.—When Manager Jimmy Burke looked over his outfit here on its arrival today he found practically a new team and also found that it worked pretty well in the closing clash with the Vets by winning over Nee's combination in the final tilt.

Manager Burke, Harry Martin, Tommy Atkins, Grover Young and Mark McLafferty are the only players now on the club who started the season at Dayton last April.

Ted Anderson joined the club there but not until part of the series had been played; Frankie Nespo was added when McLafferty was hurt early in the year, and O'Mara at short and Tutman at third joined the team on the road and neither is acquainted right here at Fort Wayne.

Eddie Wager was secured long after the season opened, and replaced Hopper as second catcher, Louderm— belonged to the club but did not report until the season was well advanced and every member of the outfield is new.

Keener, Tutwoiler and Jansen comprised the outfield when the club opened the year. The manager thinks he has a pretty nifty outfit in spite of the loss of two of his best players and is certain that the troupe will be able to hold its own from now to the finish.

Earl Ainsworth showed some of his form of last season when he was a big cog in the Youngstown machine, by holding Dayton to six hits and two runs in the game that closed just before the Fort Wayne club took a trolley ride to this beautiful city, made famous by the Reaper combine.

He was sent against big Jack Rowan, and had a hard battle to pick off a victory, by the way, the first since the club left home. O'Mara drew a pass in the opening inning and after Colligan had fallen down in an attempt to bunt he hit to left and the ball was returned to Martin. He threw to second to catch O'Mara off the bag and hit the runner and both advanced on the play.

Welsh was retired without damage but Tutman hit a fly on which O'Mara scored. Al Wickland hit in the Dayton half, stole second and went to third on Martin's low throw after Foley had been struck out. O'Mara fumbled Erve Martin's grounder and Wickland registered.

O'Mara started the third with a base on balls and Colligan beat out a bunt. Erve Martin picked up the ball too late to get the runner but took a shot at first anyhow and the ball went wide, allowing O'Mara to advance. Welsh hit, scoring O'Mara. Colligan stole third and Welsh pilfered second and both men scored when Tutman hit.

Dayton's best inning was the eighth. With one gone Rowan was passed and Wickland hit for three bases, sending the pitcher in, and he counted on Foley's sacrifice fly. Colligan hit for a home run with one out of the way in the ninth, and although Tutman, Bratchl and Anderson each picked off singles, making four hits in the inning, Tutman was thrown out at the plate for the third out, and only one run was scored. The score:

Fort Wayne—	AB.	R.	BH.	PO.	A.	E.
O'Mara, ss.	2	2	0	4	1	2
Colligan, rf.	5	2	3	2	0	0

ALL CLUBS HAVE SCOUTS ON ROAD

They Are Necessary in Order to Maintain Major Leagues.

HAVE TO KNOW GAME

New York, Aug. 15.—If it is true that a chain is no stronger than its weakest link, as some logician or mechanichian figured out years ago, it also is beyond question that the modern major league baseball team is no stronger than its corps of scouts. In these days of bitter competition for playing talent the only way to get players of promise is to "beat the bushes" for them, and be sure that the beating is done by experienced "bushwhackers," who know their business.

The good baseball scout of today is worth the salary of a star all round ball player in addition to his expenses, which naturally are heavy. The time has passed when anyone would do to send out and look over this or that player who had been recommended. The chances of making a mistake are too great, since the limit placed on the number of men to be carried by each team did away with the evil of roping in a small army of players every winter in the blind hope that out of twenty or thirty new ones there might be one or two nearly ripe for the picking.

Now it is necessary for a manager or club owner to know when he purchases a player from a minor league that the recruit has some ability that can be developed. Moreover, it is better to have the men selected to fill certain departments of the team, which need building up. It always is a wise move to corral any young player of real promise, no matter whether the team that takes him is likely to have immediate use for him. By the time he is ready to play the major league games there may be great need for him, and if not he is sure to be of value in trading for some player who is needed on a team.

Not so many years ago the club owner who employed an experienced agent looking constantly for young ball players was the exception rather than the rule. There were such clubs and their experiences led to the search for more scouts of experience and mature judgment. Today the club owner who is not provided with at least one has little chance to build up a winning baseball team, and as little chance of maintaining a winning team if he is not blessed with one.

The days when tips from friends among managers or fans of the minor leagues can be depended on to supply "leads" that will pay to follow up has gone. The fans understand so little what the real requirements for a major league ball player are that their judgment of a raw recruit is not worth much. Even the minor managers are not all wise to the necessary makeup of a high class player. Some of them are, but they are so few that their market is wide and no one club owner can depend on receiving inside information concerning many players.

It used to be that a scout would go into a minor league city, hunt up the most popular looking barber shop, and proceed to "go the route" from shave to hair tonic with a manicure, if available, to prolong the call. By starting the barber talking and listening to the gossip of home customers the scout thought he could pretty thoroughly familiarize himself with the kind of talent on the home team.

Naturally he would hear of several phenoms, favorites of this or that local rooter, and would go out to the ball park in the afternoon to look them over. If one of the barber shop favorite players happened to have a horseshoe day, to make a couple of clean hits and field in sensational fashion—as may happen even to mediocre players occasionally—the scout immediately got busy and burned up money by telegraph advising his employer to buy said player at once on the strength of his work in a single game.

Today the trained scout camps on the trail of a promising "prospect" for several days in succession, watches him bat against different kinds of pitching, ascertains what he knows about the fielding end of the game besides stopping grounders and throwing to bases. Sometimes, if the scout thinks no one else is on the same trail, he will leave his "prospect" for a few days and come back to go through the same camping out process until he is pretty certain he has seen the youngster perform under all kinds of conditions. Then if he thinks well enough of the recruit the club owner is advised to begin negotiations and the scout passes on to the next exhibit.

Often the agent works on the tips given the club owner by fans or friends, but not always. Not infrequently he starts on a blind trail and spends some time in apparent aimless observation of different teams. It is not time wasted, unless there is a more certain trail to be taken, because there never can be any rule laid out for finding ball players. They are likely to be hiding anywhere.

When two or three agents find themselves on the same trail there is call for much diplomacy and oftentimes quick thinking and action. The scout who can make up his mind first with any degree of certainty has so much the advantage over the others. But usually if a player is of sufficient promise to have several agents watching him, he will go to the highest bidder. Consequently the scout's duty then is to ascertain for his employer how high a price it would be wise to pay.

In this way and others the baseball scout more than earns his salary in a season by touting a club owner off gold bricks. The wise old scout will spot a fatal weakness in a player if it exists and keep hands off when a less experienced trailer will overlook in the dazzling light of flashy performances a weakness that would make the youngster absolutely unavailable in fast company.

The veteran ball player ought to make the best scout for players—provided the veteran has been a wise player himself. He will see things that even the best schooled spectator might overlook. But it is not hardest to discover the faults if they exist. It is hardest to spot the uncut diamond in the rough—to see in the awkward, ungainly youngster the ability to do things in spite of his handicap. There never was a less promising youngster than Hans Wagner and he never overcame his awkwardness. The man who could pick a Wagner off the lots would be a valuable scout for any club owner. In the same way Ty Cobb gave little promise of what he had in him when he was playing haphazard baseball in his home town in Georgia.

Baseball scouts have been dubbed "ivory hunters" because of the great quantity of thick headed players turned out by the old system. It has been considered a term of opprobrium by some to be called a scout. The time is here when it will be an honorable position to fill and when the salary a clever judge of ball players can command will be without limit within reason.

DECLARES WAR ON FEDERALS.

Bloomington, Ill., Aug. 15.—War was declared on the Federal league yesterday through the national commission by the Bloomington association of the Three I league, who asked that the Feds be outlawed. The Bloomington officials filed a complaint with the commission, accusing the St. Louis Federal league club of harboring Henry Keupner, who jumped his contract with the Bloomers. The complaint further stated that overtures were being made to other Bloomington players by the Mounty City Feds.

These Are the Things Ty Cobb Has and Which the Washington Club Is Willing to Pay the Vast Sum of $100,000 For.

DIARRHOEA QUICKLY CURED.

"I was taken with diarrhoea and Mr. Yorks, the merchant here, persuaded me to try a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After taking one dose of it I was cured. It also cured others that I gave it to," writes M. E. Gebhart, Oriole, Pa. That is not at all unusual. An ordinary attack of diarrhoea can almost invariably be cured by one or two doses of this remedy. It is one of the most successful preparations that has been discovered. Thousands have testified to its value. For sale by all dealers.—Adv.

Good Time Now for Blood Health

Blood Disorders Gone to Stay.

A few doses of that wonderful blood purifier, S. S. S., will start activities in the cellular tissues of the body and soon show decided changes in the skin. The skin is but a fine network of tiny blood vessels, and the specific action of S. S. S. is declared to be a pronounced stimulation of the activity of these cells. Certain it is that in a surprisingly short time any skin eruption shows a most remarkable change; it begins to dry up; the skin scales off in tiny flecks, and soon a layer of clear, healthy and firm tissue results.

The reason for this is in the peculiar stimulation of S. S. S., which enables the cells in the skin to select from the blood the nutriment it requires for regeneration.

You can obtain S. S. S. at any well stocked drug store, if you insist upon it, but be sure you are not talked into something "just as good."

S. S. S. is prepared by the Swift Specific Co., 180 Swift Bldg., Atlanta, Ga. Write for their illustrated book on skin diseases.

ERIE TALKED OF FOR 1914 BERTH

Aspires to International But May Land in Canadian League.

MONTREAL IS SHAKEY

Erie, Pa., Aug. 15.—"Erie for the International league." That would be a good civic slogan for this city to adopt. Nothing advertises a city so much as a fast baseball aggregation representing it. Is there a chance for a team from a city of 80,000 to break into the International? On the face of census figures perhaps it does look a bit presumptuous but then look at the appearance of a pretty good proposition.

Montreal, the metropolis of Canada, has always been on the verge of falling headlong out of the International league for years. Baseball has never quite paid up there as a business proposition and every year the rumor is received that the Montreal team is playing its last season.

E. H. McBride, sporting editor of the Buffalo Enquirer, well known as "Hotspur," the writer of the sport editorials in that paper, has a hunch that Erie would make a good addition to the International league if Montreal finally gives up the baseball ghost.

McBride was in Erie last week as the referee in the bouts which revived the boxing game in Erie. He has a pretty good opinion of this city as a baseball town as is shown by the following interview published in the Enquirer.

President James McCaffrey, of the Toronto baseball club, was in Buffalo on Friday. He was seen by the sporting editor of the Enquirer and the question of the position of his team came up as to the league race and also how the game was progressing in Canada.

"Erie, I believe, would be just about right for the Canadian league," said the Toronto owner.

I laughed at that statement.

"You needn't think that isn't some league," said McCaffrey indignantly. "They are playing pretty warm ball in that baseball association, let me tell you, and they are getting stronger every week. This Canadian league will be one good baseball association before many years have rolled by and some of its graduates will be among the big stars of big league ball. I know what I am talking about, for I have seen some games this year and they compared favorably with the class of ball put up by any of the minor leagues of the country."

At any rate, McCaffrey promised to give Erie a lookover providing Montreal did drop out in 1914.

NOTES OF THE SHAMROCKS.

Dornick will umpire the game between Monroeville and the Shamrocks at League park next Sunday. The visitors will pitch Oestermeyer, with Steinman in reserve. Savio and Dornick, local players, are with Monroeville. Play will be called at 3 o'clock.

* * *

Blakey and Hoffer will do the battery work against Monroeville.

70 men's and young men's carried-over suits that sold at $12 to $25; nearly all small sizes; your choice for $2.75.

PATTERSON-FLETCHER CO.

Edward Mertz has sold his drug store at the corner of DeWald and Calhoun streets to Edward Miller, and the new owner has already assumed charge of the business. Mr. Mertz operated the store for seventeen years. He intends devoting his time to the manufacturing business.

OVERLOOKED BOY WHO LOOKS GOOD

Grand Rapids Youngster Doing Good Work at Evansville.

DROP THREE GAMES

When Evansville was in Grand Rapids on its last trip the management was looking for most any sort of a pitcher who knew enough to get into a uniform, and President Harry Stahlhefer picked up a town lot product by the name of Spaid.

He didn't think the youngster fast enough for Central league ball but he needed talent so he sent the young fellow against Springfield for his opening number and he held the heavy hitting Reaper combine safe and won.

Since that time he has been taking his regular turns in the box and is holding his own with the other hurlers and doing mighty well with a tail end team behind him. History simply repeats in this instance as very few youngsters get started with the clubs in their own town, and Spaid was simply overlooked by the Grand Rapids management and if he is the green hurler that the newspaper accounts say he is Evansville has landed something worth while.

In the final game of the double bill at Evansville he wrested a victory from his home club, the leading organization of the half-dozen circuit. He was hit hard and this proves his metal as the fellow who wins under a heavy fight shows the class. Jakie Frombolz pitched good ball in the first game but four errors behind him spilled the beans.

Once back in its stride the Springfield team is going some and it beat Terre Haute again yesterday, making a clean sweep of the series. Harris held the Reapers to four hits but his error and the others behind him beat his club. The scores: R.H.E.

Evansville ..... 0 0 0 1 0 0 0 0 0—1 4 4

REPAIRING AND SPECIAL WORK TO ORDER.

COMMITTEE OF WHOLE TONIGHT

Council Will Take Up the Appropriations and Levy Measures.

NEWS OF CITY HALL

The city council will meet in committee of the whole tonight and begin consideration of the estimates and tax levy recommended by Comptroller W. S. Cutshall Tuesday night. It is not believed the council will make many important changes in the budget as presented by the Comptroller. While there is some sentiment for a larger levy than 7 cents for track elevation it is probable that it can be made clear that 7 cents will produce all the revenues that can possibly be used during the next fiscal year. It is possible for the council to reduce the levy and cut estimates, but in neither case can it raise them. Comptroller Cutshall believed that 5 cents would produce enough revenue for track elevation, but was persuaded by Mayor Grice and the board of works to add 2 cents to his figure. The departmental budgets are not likely to be slashed a great deal by the council. There is a good deal of sentiment in the council favoring adverse action on any provision for five additional firemen in order to provide for annual vacations of a fortnight's duration for each man on the force. It is pointed out by the objectors that this council already has done much for city firemen by wage increases and that the firemen now have one day off in every nine. It is held by some that the $4,000 or $5,000 it will take to provide vacations can better be spent in progress toward motorizing the equipment of the department.

The committee of the whole probably will require more than one meeting to fully consider the budget.

FRANCHISE COMES UP AGAIN.

Board Orders It Printed and Set Hearing for Matter.

The board of public works at an adjourned session this afternoon again took up the matter of a franchise for a switch track petitioned for by the Fort Wayne and Northern Indiana Traction company to accommodate the Berghoff brewery with better shipping facilities The terms of the proposed grant were ordered published and a time for a public hearing on matter was fixed. This is the second time the same matter has been before the board. After the first contract had gone through several stages without encountering obstacles it was discovered to be faulty in description, and the procedure had to be started over. The grant asked for is of slight general importance and attracts unusual notice only because it is the first franchise asked for in this city under the new public utilities law. The spur is purposed to run from the car lines on Washington street down Wabash avenue to the alley and into the brewery grounds. The board of works has a new condition in that the use of the track for switching purposes will be lawful only between 8 p. m. and 6. a. m.

WILL FORWARD DECISION.

Land Office to Know Maumee River is Held Navigable Stream.

Dr Budd Van Sweringen, chairman of the special committee of the city council appointed to investigate the title to the lands occupied by the rivers of Fort Wayne, is forwarding to the general land office in Washington a copy of the decision rendered by Judge Carl Yaple in the superior court October 27, 1911, in the case of Joseph Reichart vs. George Jaap. In this case Judge Yaple found for the defendant on the ground that the "Maumee river in Allen county is a navigable stream."

The land office will be further asked to define the title to the rivers in Fort Wayne and the decision quoted may help some.

TEN CONFIRMED; SIX KILLED.

Board of Works Disposes of Streets Proposed for Pavement.

The office of the board of public works was crowded to suffocation last night by the advocates and opponents of paving improvements on the sixteen streets included in the latest paving program of the board. Remonstrants were strong enough on six of the streets and filed protests strong to be valid in defeating the improvements. In the case of each of these except one the remonstrants were in but a bare majority, the exception showing a strong remonstrance.

Thirty-three property owners residing on Oliver street came in with a petition asking that their thoroughfare be paved from the Pennsylvania railroad to Eckart street, a distance of near a mile. The petition represents a big majority of the property owners who appreciate the advantage of having the improvemeent ordered early in order that their street may be put in good condition for paving before the work is done next year.

Bids will be received September 4 for the paving of the ten streets for which resolutions were confirmed.

The resolutions against which valid remonstrances were filed are as follows:

Holton, Pontiac to McKee; Wrsaw, Lasselle to Pontiac; Brandriff, Webster to Hoagland; Hoagland, Bass to De; Wald; Hoagland, Kinnaird to Cour, and Indiana, Home to Packard.

Those confirmed were for paving Maud street, Thomas to Holton; Crescent avenue, Lake to State; Harmer, Liberty to Lewis; Thomas, Pontiac to McKee; Barr, DeWald to Creighton; Kinnaird, Hoagland to Fox; Cottage, South Wayne to Fox; Cottage, South Wayne to Broadway; Dayton, Broadway to Beaver. The latter resolution was modified to provide a 24-foot, instead of a 28-foot, street. Bids on the contracts will be opened September 4.

Plans were ordered by the board for the paving of Oliver street, from the Pennsylvania railroad to Eckart street; for the paving of the alley between Washington and Wayne streets, Fairfield to Ewing, and for the paving of the alley between Woodland and Suttenfield, from Clinton street to the first north and south alley.

The board ordered advertisements for the extension of the ornamental lighting system on Clinton street, Columbia to Jefferson; Columbia street, Barr to Harrison; Harrison street, from Columbia to Grand; Main, from Maiden lane to Broadway, and Calhoun, from Grand to Creighton. It is expected by the board to get much of this work started early next month in time to complete it this fall.

FIRST CASE FOR LONG TIME.

Fatal Attack of Cerebro-Spinal Meningitis on John Street.

The first case of cerebro-spinal meningitis to be reported for a long time to the health department came in today from the home of John Reichard, 2332 John street, where Erma Reichard died of the malady. The city has enjoyed a peculiar immunity from this dread malady during an uncommon period and it is the hope of the health department that the case just reported will prove to be a sporadic manifestation.

RAIN CRIMPS WORK A BIT.

The rains during the forenoon forced a cessation of work on all outdoor public contracts and caused the board of works some anxiety lest the storm would continue throughout the day and cause another setback. In most cases contractors had their men back on the jobs before noon.

LIGHT SOLICITOR QUITS.

Henry W. Luhman, for a long time solicitor for the municipal lighting department of Fort Wayne, has tendered his resignation and will soon go to the Bowser Oil Tank works to take over the business management of that corporation's big printing establishment. Mr. Luhman has proved an efficient solicitor and has greatly increased the business of the municipal lighting department. There is no intimation so far as to his successor.

The Street railway company has just completed the concrete work for the west track on the Broadway line from Scott avenue to the "y" at the southern terminus. The rails have been laid and that track will be completed as soon as the brick can be placed. The east track then will be rebuilt. The work so far has been rapidly performed and the whole will be completed this fall.

BUILDING PERMIT.

Peter P. Pierce, 1012 St. Joe Boulevard, 2story frame dwelling, $2,500.

BIRTH RECORD.

To Mr. and Mrs. Daniel F. Michaelis, 2617 Lafayette street—a boy.

To Mr. and Mrs. Wilbur C. Allen, 2515 Hoagland avenue—a girl.

ADDITIONAL SOCIETY

Mr. and Mrs. J. C. Koegel and family are going to Lake George tomorrow to be gone ten days. Their nieces, Misses Berniece and Celia Koegel will accompany them.

Miss Eileen Malone, of 1319 Hanna street, has returned home from a month's visit in Crestline and Mansfield, Ohio, with relatives and friends.

Miss Anna Boss will leave next Monday for Petoskey and Mackinac island for a three weeks' pleasure trip.

Herbert Driftmeyer, a hay fever sufferer, will start on Sunday for northern Michigan points to remain several weeks.

Exner—Didrick.

Miss Della Didrick and Mr. Herman C. Exner were married on Thursday afternoon very quietly. Mr. Exner is connected with the Exner grocery and meat market, near Lumbard street and the New Haven road, and is well regarded by all who know him. The bride was a clerk and is a capable young woman whose parents, Mr. and Mrs. Jacob Didrick, live at 2721 Roy street. Mr. and Mrs. Exner will make their home with the bride's parents.

SICK HORSE SEES DOCTOR.

New York, Aug. 15.—Dr. John F. Halloran, veterinary surgeon at Stapleton, S. I., awoke at 3 o'clock in the morning from a dream of peace. His wife was shaking him by the arm.

"John!" she whispered. "There's a burglar in the house!"

"You've been dreaming," yawned the doctor. "Go to sleep."

The doctor heard a muffled fumbling and, urged by his wife, went down stairs to investigate. Everything seemed safe.

Outside waited Nellie, a big chestnut mare, belonging to Thomas Morgan, contractor. Halloran found she had a bad attack of colic. He treated the horse and put it under shelter.

Nellie, feeling sick in the middle of the night, had broken the halter, walked out of the stable and gone to the doctor.

LOSES BET AND HIS LIFE.

Hammond, Ind., Aug. 15.—A bet that he coulds wim across Cedar lake and back without getting out of the water, cost John Vachle, an expert swimmer, his life today. Vachle had made the out trip, a mile and a half, and was completing the last stage when he threw up his hands and disappeared. He had refused to let any boat accompany hi mand was drowned.

RESTRAINS PARK BOARD FOR WHILE

W. H. and Laura E. Noll Get Injunction in Thieme Drive Matter.

NEWS OF THE COURTS

In the circuit court today Judge John W. Eggeman granted an injunction to restrain the park board of the city of Fort Wayne from building a sidewalk, curbing and gutters on Thieme drive along property owned by William H. and Laura E. Noll. The suit was filed by Mr. and Mrs. Noll to prevent action by the park board until the courts can determine the merits of the case. The park board had assessed damages to the Noll property at $2,000 and this was unsatisfactory to the owners, who wanted $6,000. The damages will have to be determined by the courts. The park board is restrained from any action until September 8, when a hearing of the injunction matter will be held.

Husband Cleaned Up Her Cash.

It has taken May Shaver only from June 27th last to find out that from whatever source her husband derived his patronymic, it is a perfectly pat little name and as full of meaning as a shad of bones. She says that soon after their marriage her husband, by false representations and ensnaring manners persuaded and induced her to turn over to him a large sum of money, which he spent on himself and then rubbed it in by coaxing her jewelry away from her and pawning it. This occurred in Toledo, where he took her after marriage. She says also in her divorce complaint to the superior court that Shaver represented to her that he wanted the money to engage in a paying business for the benefit of them both. He has failed to provide for any way and she wants a divorce and allowed $1,000 alimony.

Wants to Kill Her, She Says.

Gertrude Feidler starts a suit in the superior court to get rid of Abraham Feidler, whom she wed in May, 1912, and from whom she separated this month after he had threatened repeatedly to kill her. She says that one day last April he came home armed with a big revolver and threatened her life and was heavily fined on that occasion for assault and battery. She lives in dread of him, she says and the court has issued an order restraining him from molesting her and another to enjoin the Wabash railroad from paving him his wages as a painter until the suit is disposed of.

Minor Notes of the Courts.

Elmer Keck and Surdo S. Smith, put under peace bonds of $500 in Justice Niermann's court, have appealed their cases to the circuit court.

County Treasurer J. Herman Bueter says that he still has some of the 4½ per cent bonds for the Fackler and Boehnke stone roads in Madison township. Part of these issues, whose total is about $17,000, have been taken and the balance doubtless soon will be.

ORGANIZE MILAN TONIGHT.

Tonight Sheriff A. C. Gladieux, assisted by Deputies Branning and Pranger, will go to the center schoolhouse in Madison township to organize a branch of the Allen county Protective association.

LICENSED TO WED.

Jesse E. Shirey, machinist's helper, 22, and Pearl M. Van Allen, 18.

Roy L. Timbrook, former, 21, and Ethel L. Stauffer, 23.

Herman E. Exner, clerk, 24, and Delia Didrick, 23.

Theodore N. Miller, brakeman, 28, and Cora E. VanHorn, 23.

Homer C. Clay, farmer, 21, and Ida C. McBride, 17.

Harry C. Rumbaugh, waiter, 25, and Alta Felds, 20.

Luther J. Mowery, farmer, 23, and Minnie C. Gilbert, 22.

GRABS CASH AND ESCAPES.

Stranger Robs Bank at Albany Through Teller's Window.

Albany, N. Y., Aug. 15.—A stranger walked into the New York State bank this afternoon, thrust his arm through one of the paying teller's windows, grabbed bills aggregating $579 and rushed out into crowded State street, where he was lost to view before the astonished teller could give an alarm. A young woman who was transacting business at the window witnessed the robbery.

STORM AT MILWAUKEE.

Milwaukee, Wis., Aug. 15.—Ten buildings were struck by lightning in less than two hours today when the severest electrical storm of the year swept over the eastern portion of Wisconsin today. While no loss of life has been reported the damage will reach thousands of dollars.

Telephone and telegraph communication with cities in the nterior of the state are gone.

Oshkosh reported 27 houses struck by lightning. One of the fire engines was struck by lightning while responding to an alarm.

WANTED—Experienced cost man by large manufacturer. Address box 9, care of Sentinel. 15-2t

WHAT HAS BECOME OF—

The Old Fashioned Rube who drank the fire extinguisher and then felt badly put out?

WOLF & DESSAUER

NORTHERN INDIANA'S GREATEST DEPARTMENT STORE

Nos. 118-124-123-125-127 WEST BERRY ST.

A simply constructed, convenient arrangement that does away with the old fashioned home-made jelly bag. A metal ring, which holds the muslin bag is fitted over the back of a chair. A bowl is then placed on the chair to receive the fruit juice as it is strained through the bag. Complete 25c.

Apple Corer and Slicer, 25c.

Just like illustration below—a little device that cores and slices apples in one operation. Priced at 25c.

THE DEATHS.

REICHARDT.

Erma Reichardt, aged ten years, daughter of Mr. and Mrs. John Reichardt, of 2332 John street, died at 7:45 o'clock Thursday evening after a brief illness from spinal meningitis. The father is a boilermaker employed at the Wabash shops.

The little girl was a pupil at the parochial schools of Zion's Lutheran church. Surviving besides the parents she leaves two brothers and two sisters —Edward, Albert, Loretta and Bertha Reichardt.

Funeral services were held at 4 o'clock this afternoon from the residence, Rev. H. C. Luehr officiating. Interment was made at Concordia.

MOSSMAN.

William Marion Mossman, aged one month and one day, died at 9 o'clock this morning at the home of the parents, Mr. and Mrs. Fred Mossman, 2112 Weisser Park avenue, after a short illness from cholera infantum. The remains were shipped to Coesse this afternoon at 3 o'clock for funeral services and interment.

FUNERAL NOTICES.

Langworthy.—Funeral services for Mrs Vinnie Langworthy Saturday afternoon at 2 o'clock from the residence, 1018 Lafayette street, Rev. C. H. Snashall officiating. Interment at Lindenwood.

INJURED WHEN SCAFFOLD FALLS.

A. M. Beeson Has Thigh Fractured at St. Paul's School.

A. M. Beeson, aged 53, of 1338 Erie street, suffered a fractured thigh shortly before noon today when a scaffold, which was being demolished at St. Paul's new school building on Barr street, collapsed and fell upon him. Several other workmen who were upon and under the structure narrowly escaped injury by running when they saw it falling. Theodore Buesching, the contractor for the building, was under the scaffold but saw his danger just in time. Beeson was taken to Hope hospital, where Dr. Weaver reduced the fracture.

SHOT BY LITTLE SON.

Indiana Woman Near New Albany May Die from Accidental Wound.

New Albany, Ind., Aug. 15.—Mrs. Casper Verick, formerly of this city, was accidentally shot and probably fatally wounded today by her nine-year-old son at her home, twelve miles west of this city. The boy was dragging a shot gun about the house and as she started to take it from him the weapon was discharged, the shot striking her in the thighs and abdomen. She was brought to the city hospital.

STEPPED IN FRONT OF CAR.

Mrs. Rose Clark, of Osslan, Knocked Down by Automobile.

Stepping around the end of a street car this noon at the transfer corner, Mrs. Rose Clark, of Ossian, walked directly in front of an automobile owned and driven by Homer Forman, of Payne, O. She was knocked to the pavement and thrown against the curbing but escaped injury. Her clothing was badly damaged by mud from the street.

The traffic policeman on duty at the transfer corner took Forman and the woman to the police station. It was found that Mrs. Clark was not badly injured, and the autoist was not held to blame for the accident.

JURY EXONERATE FATHER.

Chicago, Aug. 15.—An enraged father who took the law in his own hands and killed the man the courts had acquitted of the charge of attacking his thirteen-year-old daughter, was exonerated by a coroner's jury.

The verdict said that Edward J. Duprey was "laboring under a great mental strain on account of injury believed done to his daughter by the deceased" when he shot and killed Henry Gronimus, a photographer. Duprey was released from custody.

BRAND WHITLOCK SLATED.

Washington, Aug. 15.—Colonel Thomas H. Birch, of Burlington, N. J., personal aid to President Wilson when governor of New Jersey, has been selected for minister to Portugal. His nomination will go to the senate soon. Brand Whitlock, of Toledo, Ohio, is slated for a diplomatic post, probably Belgium.

Lawrence Tholen, of East Lewis street, leaves Sunday for Fremont, O., where he will visit an uncle and a number of friends. While in Ohio Mr. Tholen will spend some time at Cedar Point.

SHOP AND RAILROAD NEWS

TAKES UP LIGHTER WORK

John Brown Retires as Waterworks Foreman of Wabash at Own Volition.

WILL HAVE EASIER JOB HEREAFTER

William Sachman, of Bridge Gang, Becomes Foreman of the Department.

John Brown, foreman of the water works department of the Peru division of the Wabash, with headquarters in Fort Wayne, has retired at his own volition to take less arduous duties with the company. The change became effective today and Mr. Brown is succeeded by William Sachman, of Lagro, who was in the city a short time this morning on business for the department. John Brown has worked for the Wabash company ever since the road was opened to business and nearly all of that time was spent in this city. He is a machinist by trade and his early service was in that connection. About thirty-five years ago, however, he was transferred to the water works department and soon became its foreman. He will continue on the pay rolls, though his duties will hereafter be light. Mr. Brown is troubled with an affection of the eyes and for awhile it was feared he would lose one of them. William Sachman, the new waterworks foreman, has been connected with the maintenance of way department for a number of years, first as a bridge builder and later as a gang foreman.

PENNSY'S ROLL OF HONOR.

List Contains Names of 7,478 Retired Employes.

The publication department of the Pennsylvania has issued under date of August 15, a pamphlet under the title of "The Railroad Roll of Honor." It gives the names of forty-five employes who passed to the pension list during the month of July because of having passed their seventieth birth anniversary. Thirty-one of these men worked on the lines east of Pittsburg and fourteen of them on the lines west of Pittsburg. Included in the latter are three Fort Wayne men—Passenger Engineer J. Q. McClellan, Car Builder Karl Meier and Engineer Elmer E. Rogers. Mr. McClellan was on the pay rolls for forty-nine years, Mr. Meier forty years and Mr. Rogers thirty-nine years, their combined service being 128 years. The pension system of the Pennsylvania is the result of the active work of A. J. Cassatt, and was one of the first things of importance taken up by him when he became president of the Pennsylvania railroad. The system was inaugurated in 1899 on the lines east of Pittsburg and a few years later extended to the lines west of Pittsburg. "The Railroad Roll of Honor" says concerning the system:

"Records just compiled show that during the thirteen years and six months the plan has been in operation, a total of 7,478 men have received payments through the pension funds of the Pennsylvania system of $8,913,157.50 out of the earnings of the various companies. Of this amount, $6,727,792.22 have been paid on the lines east of Pittsburg, and $2,185,365.28 have been paid on that portion of the Pennsylvania system west of Pittsburg.

"Of those who have received pensions, 3,541 have died, so that at the present time there are 3,934 men on the pension rolls of the company. Of these, 2,949 are on the lines east of Pittsburg, and 985 west of Pittsburg.

"Employes retire without any obligation whatever to the Pennsylvania railroad, and many of them engage in outside occupations. The only stipulation is that they may not, under any conditions, re-enter the service of the Pennsylvania railroad system.

"The plan applies to every employe without regard to rank. Within the past five years two vice presidents and the general counsel have been retired upon exactly the same conditions as control the case of a trackwalker or a brakeman."

KNITTERS TO HAVE SOCIAL.

The ticket committee for the annual lawn social of the Textile Workers, which will be given at Swinney park next Tuesday, report that 2,500 tickets have already been disposed of and that they expect to sell at least 1,000, making the largest sale in the history of the union. The receipts from the social is largely for charity purposes and knowing this, the social appeals to many who would not otherwise take an interest. The union proposes to give every patron good returns for their money, however, and those who go to the park to attend the social will be well entertained.

FRECKLES

Now Is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of othine—double strength—from Meyer Bros. Co. and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength othine as this is sold under guarantee of money back if it fails to remove freckles.

About to Ascend Groundhog River.

KARL W. DETZER.

Here is a picture of Karl W. Detzer in the act of starting up Groundhog river in a canoe. It is a reproduction of a snap-shot taken when Mr. Detzer turned his head to reply to the request of an Indian woman to be taken across the stream. He took her. A few minutes previous to the start up the river the Indian guide told Mr. Detzer that six or eight moose were browsing a mile up stream, and although the law did not prohibit killing them at that season of the year, he went up to look at them and fire his revolver to see them scamper away. In the meantime the moose got wind of the coming of Mr. Detzer and were miles away when he ran the brow of his canoe into a bunch of shrubbery and crawled to the point where the guide said he would find the game. Mr. Detzer was accompanied into the forest by L. K. Sheeler, Pennsylvania claim agent, and they spent three most delightful weeks in the camp. The latter was located sixty-eight miles northwest of Cochrane, Ont. The latter is the northern terminal of the Temiskaming and Northern Ontario railway and is 253 miles from North Bay. It is on the line of a coast to coast road now under construction and which is completed fifty miles out of Cochrane. To reach camp from Cochrane, Detzer and Sheeler rode to the end of the new line and thence went up Groundhog river eighteen miles in a canoe. The latter part of the journey was the most pleasant. The combination train of engine, eight freight cars and a diplapidated coach made only two trips per week, each consuming the greater part of a day, and passengers were carried for the modest sum of five cents per mile. Game is most plentiful along the Groundhog river, but the hunters were not permitted by law to shoot all kinds, so they had to be contented with that which was not protected.

TO PALE THIN PEOPLE

Druggists Meyer Bros. Co. Offer to Pay For Samose if it Does Not Make Thin People Fat.

Pale, thin people are simply suffering from want of nourishment. They may eat enough, but their food is not properly digested and does them no good.

Samose, the remarkable flesh forming food should be used by all who are pale, weak and thin. It mingles with the food and aids assimilation, so that when taken for a short time, nature will soon assert her normal powers, and the food that is eaten will give strength and good flesh.

The woman who longs for rosy cheeks and the plumpness of beauty should use Samose. The man who wants to be strong and well and gain health and good flesh will find his desires accomplished by Samose.

Such remarkable results have followed the use of Samose that Druggists Meyer Bros. Co. is willing to pay for the treatment if it does not give the desired results. They make this offer generally and want all who are thin, weak and out of health to get a box of Samose from them on those terms.—Adv

In your hand you hold a five-cent piece.

Right at the grocer's hand is a moisture-proof package of Uneeda Biscuit. He hands you the package—you hand him the coin. A trifling transaction?

No! A remarkable one—for you have spent the smallest sum that will buy a package of good food; and the grocer has sold you the most nutritious food made from flour—as clean and crisp and delicious as it was when it came from the oven.

NATIONAL BISCUIT COMPANY

NEW BOILER ARRIVES.

The first material for a 600-horsepower water tube boiler to be installed in the power plant of the Pennsylvania company on Lafayette street was unloaded at the plant this morning and installation commenced at once. As stated by The Sentinel some time ago, the power plant building was extended westward to make space in the boiler room for this and other machinery. The foundations are in and the work of installation can now be carried along without any interference. There are now in operation at the power plant four water tube boilers of 400-horsepower each and when the new boiler is installed it will give the plant a capacity of 1,800 horsepower and be ample for all purposes for years to come.

STOREKEEPERS' MEETING OVER.

The regular monthly meeting of the Pennsylvania division storekeepers, which began last Monday at the committee rooms, ended last night and some of the out of town participants left for their homes. C. A. Jackson, of Allegheny; W. Weschler, of Mahomingtown; B. Shipley, of Wellsville, and C. E. Blessing, of Cleveland, remained over and today met with C. P. Cherry, of the Western division, to consider some special matters connected with the supplies department in their respective territories. They will leave for their respective homes tonight.

WILL BE BURIED AT PAYNE.

The remains of Nickel Plate Engineer Burkley passed through the city on train No. 2 this afternoon, accompanied by the widow and other relatives, en route for Payne, where the funeral will be held at the Catholic church at 9 o'clock tomorrow morning. As stated Wednesday by The Sentinel, Engineer Burkley died in a hospital in Chicago, following a surgical operation. Before becoming a yard engineer at Stony Island, two years ago, he was in the road service, running in and out of Fort Wayne, and was well known here. Payne, Ohio, is the home of his parents.

WILL BE BURIED IN HARRISBURG.

Telegrams to relatives and to Captain Stoll last evening stated that the remains of Edward Distel, captain of Pennsylvania police at Harrisburg, would be buried in a cemetery at that place next Monday. John Distel, a brother of the deceased, left last night for Harrisburg. Some of the old associates and friends of Captain Distel may go to the funeral also. He was stationed at Fort Wayne several years ago, when he was a patrolman and later lieutenant of Pennsylvania police.

WILL WORK IN CHICAGO.

L. V. Tuttle, who has just completed an apprenticeship term under Foreman John A. Norton at the Bass Foundry and Machine works, will retire from that shop tomorrow. He will go to Chicago to live with his uncle and will take employment in a pattern shop. Foreman Norton says the young man is a good workman.

WABASH SHOPS CLOSED TOMORROW.

The Wabash shops, which had been operated until noon on Saturdays, will be closed all day tomorrow. The power on the road is in good shape and there are plenty of engines to handle the business, which is fairly good.

INDUSTRIAL NOTES.

John Shea, power director of the Pennsylvania, has gone to Terre Haute to visit his sister.

Henry Geerken, boilermaker at the Pennsylvania shops, has resumed work after a week or ten days at Rome City.

Joseph Guesching is a new janitor at the Lake Shore freight house. He succeeds Albert Jenkins, who was transferred to the warehouse.

A. L. Hadley, head of the engineering department of the Electric works, has returned from Madison, where he was looking after business a few days.

Patternmaker A. Benson, of the Bass shops, has been taking a vacation this week. A part of it was spent at Middlepoint, O., where he attended a reunion of the Benson family.

Claim Agent G. H. Shaw, and Telephone Inspector H. G. Hardy, of the Lake Shore, were in the city yesterday on business connected with the departments they represent.

J. P. Morgan, of Altoona, is today engaged in inspecting 1,000 car wheels at the Bass foundry for the Pennsylvania railroad. He will return here next Tuesday to inspect 1,600 more for the same company.

Walter Fuchsbuber, stenographer in the office of Shipping Clerk John F. Keiss, of the Electric works, is on duty again, after an absence of a week on account of a sprained wrist.

Roy J. Miller, engine dispatcher of the Pennsylvania, returned from an eastern trip last night and this morning went to the country to spend the remainder of the week with relatives. He will resume work Monday.

F. R. Fletmeyer, of Lafayette, a Purdue student, who worked in the testing room of the Electric works since the close of the university term last June, resigned today to prepare to resume his studies in the school.

A smoke stack four feet in diameter and fifty feet high is nearly completed at the local Wabash shops and will be sent tonight or tomorrow to Decatur, where it will be erected over boilers at the company's new big shops.

The outing to be given at the home of John O. Bryant, out near the Brookside farm, to the men in the lathe department of the Pennsylvania machine shop, Sunday, has been postponed because a number of the men will not be able to be present.

Mrs. O'Connor, of 1120 Fulton street, wife of the retired Pennsylvania blacksmith, John O'Conner, is again very sick and the family are apprehensive of the results. Mrs. O'Conner suffered a severe attack last April and at that time it was feared she would not survive it.

200 dozen 20c linen handkerchiefs, 10c.

PATTERSON-FLETCHER CO.

AMERICA'S OLDEST CHURCH.

Scientists Discover Ruins on Small Island Off the Yucatan Coast.

New Orleans, Aug. 15.—The ruins of the oldest Christian church in America have been discovered on the island of Cozumel, off Yucatan, by Prof. Morley and Jesse Nusbaum, of the Harvard San Diego expedition. Cozumel has not been visited by white men for almost a century and Morley and Nusbaum had thrilling adventures, but deny that its people are cannibals. The scientists were equipped with a moving picture outfit, but in leaving the island for the mainland their canoe was upset and much of the photograph material was spoiled. While Cozumel is only thirty by seven miles inextent, it was found extraordinarily rich in monumental and architectural remains. It was here that Cortez had a fierce battle with the natives and erected what is declared to have been the first Christian church in America.

PATTERSON-FLETCHER CO.

$100 Reward, $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Sold by all Druggists, 75c.
Take Hall's Family Pills for constipation.

The Lucky Blue Bird

"We need the Blue Bird for our happiness."
Maeterlinck.

Wherever that delightful drama, "The Bluebird" has been shown there has been a tremendous demand for bluebird lucky pins.

Even here in Fort Wayne where the play is known only by reputation, the pins are in demand.

All sizes and a variety of prices.

Trenkley and Koerber 816 CALHOUN ST. ESTABLISHED 1865

DOES TANGOING GIVE THE TANGOER THE TANGOE TOE?

MISS VIRGINIA NORDEN.

New York, Aug. 15.—Whom is one to believe, Virginia Norden or the chiropodists?

The latter, in convention here, have declared that women who indulge in society's latest dance are letting themselves in for a painful affliction known as "tango toe," which is alleged to develop after a few months of tangoing and to cause the unhappy tangoer much torment.

Miss Norden, who made her Broadway debut in "The Poor Little Rich Girl" last winter and who is to have a "lead" in a new production this season, is a tango fiend. She admits it, and she's proud of it. And s! says this "tango toe" stuff is all bunk.

"Those corn doctors are just trying to invent another fashionable disease," she declares. "I tango every day of my life. I tango in high-heeled shoes and in tennis slippers, and I have yet to feel a pain in my feet. I wear shoes that fit me, whether they have high heels or no heels. Foot suffering is caused by abuse of the feet, not by any kind of dancing."

SYLVAN LAKE DIRECTORS.

Improvement Association to Take Up Important Business Matters.

A special meeting of the board of directors of the Sylvan Lake Improvement association will be held Saturday evening at 7:30 o'clock at the tabernacle on the island at Rome City. Members of the board state that the meeting is of vast importance and are urging all members to attend.

All broken lines of children's underwear half price.

MEMORIAL IS UNVEILED.

Tercentennary of Departure of Pilgrims Observed in England.

Southampton, Eng., Aug. 15.—A memorial in celebration of the tercentenary of the departure of the pilgrims from Southampton for America was unveiled here today by Walter Hines Page, the United States ambassador. It is a column erected on the site of the pier from which they embarked on the Mayflower. The ceremonies were presided over by the mayor of Southampton. Speeches were made by members of the Alden, Winslow and Brewster families and by Joseph G. Butler, of Youngstown, O., who unveiled the Ohio panel at the base of the monument.

All odd vests half price.

ROSE-STRASBURG CO.

Goes Out of Existence Forever

Tomorrow Positively Ends the Big

VACATING SALE

Everything Must Be Sold Tomorrow

Prices Drop to Almost Nothing

Tomorrow night at 10 o'clock sharp we close the doors and the firm of Rose-Strasburg Co. will be no more. This firm and this great sale both come to an end and the lease and fixtures pass into the hands of the new occupants, who demand immediate possession.

So tomorrow will be the last and greatest day of this big vacating sale. In order to avoid having any stock left to be moved, or selling it in bulk at a fraction of its value, we shall offer it to the public at prices that have never been matched before in Fort Wayne. We've a big job for one day. **WE MUST SELL EVERYTHING.** Already the stock has been reduced until only a very small part remains. But there is enough in all lines to give you a splendid selection. With a few exceptions we have your sizes in suits, hats, shirts, underwear, etc. We have much choice neckwear left. In most lines the less desirable goods have been sold and the best still remains.

We advise you to come early—come at once. But be sure to visit this store some time before 10 o'clock tomorrow night. Help us dispose of this remaining stock. Help yourself by getting the best merchandise at just a clear case of give-away prices.

By order Central West Adjustment Company, (Not Inc.)

WILD RUSH TO SECURE WATER

(Continued from Page 1)

Campers Surround Wells.

In a section of Seward county, Kansas, where no rain has fallen in two months, the few wells that still give water are surrounded by campers, families that have closed house and gone to tent near a water source. Strange stories of heat come from all parts of the country. From Alma, Kas., came a report vouched for by one of the city fathers, that a woman in a moment of desperation, wishing to verify or kill forever the old story of frying an egg in the sun, had prepared a fresh laid one nicely in a skillet with butter and fried it to a "t" on a flag stone before her door with only the sun for heat.

By noon in most section of Missouri, Kansas and Oklahoma, the mercury was well on the way to the 100 mark. In topeka last night was the eleventh hand running during which the thermometer had not gone below 75. Last night's minimum there was 77.

MEXICO UP IN DEBATE AGAIN

(Continued from Page 1)

to be satisfactory to the senate or to the people of the country," rejoined Senator Penrose.

Hale, Mr. Penrose declared, nad been active in Mexico City, "conveying the impression that he is the representative of President Wilson," and has been in conference with Mr. Lind since the envoy's arrival.

Senator Penrose added he had known Hale several years and that he left Ardmore, Pa., about thirty years ago under circumstances which he need not "more than mention."

"The sooner Dr. Hale's connections are severed the better for the unfortunate Americans now in Mexico," he concluded. The resolution calling for information went over to tomorrow.

Lodge Grows Bitter.

Senator Lodge charged that the democrats were trying to treat the Mexican question as a party affair. His statement, made in bitter terms, followed a declaratiion by Senator Bacon that "force meant war."

"Everything is being done that can be done," Senator Bacon declared, "short ot using actual force and force means war and war is not a thing to be rushed into hurriedly and rashly, not to be encouraged by intemperate speech at this time." Attempts by democratic leaders to stop the Mexican discussion and turn the senate back to the tariff bill brought an outburst from Senator Lodge. "I want to support the president in every possible way on this Mexican matter," he cried, addressing the democrats. "He is not your president alone; he is the president of the American people; as much mine as yours. But I want no partisanship in the handling of this serious situation. You can't have non-partisanship on party lines and that is what you are trying to do.

"You can do nothing worse than to exercise the power of your majority on this Mexican question. This question cannot be disposed of that way; it cannot be dismissed with a smile and a sneer."

Another by Penrose.

Another resolution by Mr. Penrose calling for consular reports as to happenings at Durango since January 1; one by Senator Poindexter, calling for information as to measures to protect Americans in Mexico, and one by Senator Brandegee, calling for a joint investigation by the house and senate naval committees to determine what increase in the navy was being made and what naval problems were under consideration were introduced. In a demand that the senate should not pass or consider the resolutions until the foreign relations committee had an opportunity to take them up Senator Bacon urged that all possible support be given to the president.

"While the senate is deliberating in his committee," interrupted Senator Penrose, "Americans are daily being murdered in Mexico. Here is a prominent American citizen in danger of being shot. I have information that more than 100 Americans have been killed and that their names are on file in the department of state."

"The president of the United States is known by this senate," returned Senator Bacon, "to be in good faith and that to the best of his ability is trying to deal with the situation through methods that will save this country from the great disaster of a war. I believe the American people recognize that and are upholding him in his efforts."

Senator Penrose retorted that he believed the administration was "engaged in good faith in a patriotic effort to solve the problems," but that he believed it was time to take some "police measures" to prevent further "murder of men and outrages upon women."

Objections carried all the resolutions over for another day, without reference to committee.

HOLDS ANOTHER CONFERENCE.

Lind Again Visits Mexican Minister of Foreign Affairs.

Mexico City, Aug. 15. John Lind, the personal representative of President Wilson, had a conference lasting an hour late last night with Federico Gamboa, the Mexican foreign minister, at Senor Gamboa's private residence. Mr. Lind went and returned unaccompanied.

Several thousand Indians in the Huatusco district of Vera Cruz have risen in revolt, according to official reports received here. The Indians are said to have listened to promises made to them by Carranza's agents that the land is to be divided among them. The Indians are poorly armed. The governor of the state of Vera Cruz has sent a mission to try to bring about their pacification.

Detachments of federal troops have been sent from here against bands of adherents of Emilano Zapata, who have been operating in the neighborhood of Milpa Alta within the federal district southeast of the capital against a group of rebels at Texococo and Otumba, northeast of the city.

MEETS DEMAND WITH REFUSAL

(Continued from Page 1)

tion 6, of the constitution, I officially demand that you deliver and surrender to me as acting governor, during the period of your constitutional disability to act as governor, the use, possession and occupancy of the executive chamber and offices; and that you likewise deliver and surrender to me the executive privy seal of the state of New York; and also all books, papers, records and documents in said chamber or offices or elsewhere, in your charge, possession or custody, relating to or in any wise connected with or pertaining to the executive department. The bearer hereof is authorized to receive your answer to this communication."

Sulzer Prompt With Reply.

Gov. Sulzer's reply was given promptly to Mr. Glynn's messenger. It was addressed to "Hon. Martin H. Glynn, Lieutenant Governor, and said:

"Sir: Yours of August 15th, demanding that I deliver and surrender to you as acting governor, the use, possession and occupancy of the executive chamber and offices; and that I likewise deliver and surrender to you the executive privy seal of the state of New York; and also all books, papers, records and documents in said chamber or offices, or elsewhere in my charge, possession or custody, relating to or in any way connected with or pertaining to the executive department, received.

"In response thereto, I decline to recognize you as acting governor of the state; and decline to deliver to you the use, possession and occupancy of the executive chamber and offices; or in any way comply with the demands and requests in your letter.

"I shall continue to exercise and discharge the constitutional duties of the governor of the state of New York: first, among other reasons because I am advised that the assembly at its present extraordinary session possessed, and possesses no power or authority to prefer articles of impeachment; and, secondly, the lieutenant governor of the state is not authorized to act as governor in case of the impeachment of the governor, unless such impeachment is sustained.

"For the purpose of preventing any unseemly struggle, I suggest that counsel for the lieutenant governor and for myself, agree upon a method of submitting the question to the courts for decision; and for that purpose that extraordinary sessions of the courts be forthwith called, in order that a speedy determination may be had.

"Respectfully,

"WM. SULZER, Governor."

Counsel for the two arranged to hold a conference late today.

Wife's Illness Only Worry.

"The only thing that is worrying me about this whole business is Mrs. Sulzer's condition," Gov. Sulzer told Col. T. W. Simons, of Washington, as they entered the capitol together today. "She is very ill and the d—— scallawags have brought her name into the affair."

This was the first public reference the governor has made to the statement that Mrs. Sulzer had used some of his campaign contributions without his knowledge, to invest in stocks. He spoke in the presence of the newspapermen.

"It is too bad," agreed Col. Simons.

"Yes," replied the governor. "I feel like punching the noses of the scallawags who brought her into it."

To another friend the governor said, "I can fight my own battles for myself. It was wrong to bring a woman into the case. I wish there was some way we could keep her name out from now on. She is very ill and I was up with her nearly all night."

Mr. Sulzer looked gaunt and hollow eyed when he walked into the capitol grounds this forenoon. The strain of a night of waiting upon his wife seemed to have told heavily upon him.

Chains, Bolts, Locks and Bars.

The second day of the dual administration in New York state dawned on a whirlpool of confusion in the capitol. A steel chain with a heavy padlock decorated the great seal; the privy seal lay under lock and key; the way to the executive chamber, William Sulzer's citadel was bolted and barred and from two offices the rival claimants to the governor's chair continued to exercise their functions.

Control of the national guard, access to the great seal, recognition by New York's secretary of state and by the governor of the neighboring state of New Jersey were prerogatives stripped from Gov. Sulzer by Lieut. Governor Glynn, who claims to be the acting chief executive. Possession of the privy seal whose imprint validates all documents coming before the governor on affairs wholly within the state and occupancy of the executive chambers, remained with Sulzer.

It Was Glynn's Move.

It was Glynn's move on the political chess board today. He planned a checkmate. Like a master of the game he gave no hint to his opponent of what this move would be.

Mrs. Sulzer still lay ill today, unable to see friends and with specialists in constant attendance at her bedside. She was improved when she awoke this morning from a refreshing sleep but still was gravely ill.

Aaron J. Levy, majority leader of the assembly, who led the fight on the assembly floor for impeachment, is also suffering from a nervous breakdown. He is at a local hotel and was reported better this morning. The impeachment of Governor Sulzer will not affect his salary check preliminary to or during the impeachment trial. He will continue to draw $933 a month at the office of the comptroller during the remainder of his term unless convicted on the impeachment charges. Then of course his salary would stop.

Brings Temporary Raise.

Members of the senate, whose regular salary is $1,500 will, for a short time, receive pay at the rate of $12,000 a year each. This will be during the time they are sitting with the judges of the state court of appeals as a court of impeachment. Under the law their salaries will be automatically increased to $12,000, the same as that of the judges of the court of appeals—when they sit as members of the court of impeachment.

Secretary of State Mitchell May returned from Saratoga today and called at the office of Lieut. Gov. Glynn before the latter's arrival at the capitol. "I merely called to pay my respects," said Secretary May, "and to assure Mr. Glynn personally that I have decided to recognize him as acting governor of the state. As I read the law I can find no other way to act consistently. It is not with me a case of taking sides. I can see no other way to perform my duty under the constitution.

"I have not yet asked the attorney general for an opinion as to whom I should recognize. However, if I am asked to certify any act of William Sulzer, as governor, I shall submit the question to the attorney general and await his formal opinion before taking action."

Sensational Report Afloat.

A sensational report was current this morning that Governor Sulzer would seek the indictment for treason of Charles F. Murphy, leader of Tammany hall, and organization leaders who commanded the anti-Sulzer forces in the battle for impeachment.

"There's nothing to it," asserted D. Cady Herrick, chief of Sulzer's staff of lawyers, when asked if the report was true.

Lieut. Gov. Glynn, on entering his office at the capitol today, announced that he would call upon Gov. Sulzer formally to vacate his office today.

Preparations as if for a long siege were made at the executive chamber upon the arrival of Lieut. Gov. Glynn at the capitol. The locks on every door leading to the chamber and the governor's private office were changed and an attendant was stationed at each entrance.

NEW FALL PETTICOATS OF MESSALINE SILK.....1.95

Reported Recognition of Glynn by New Jersey Governor Untrue.

Trenton, N. J., Aug. 15.—It developed today that an error was made last night in the announcement that Gov. Fielder, of New Jersey, had recognized Lieutenant Governor Glynn as the governor of New York in making requisition for a man arrested in New York city on a criminal charge and who was wanted in Hudson county, New Jersey.

The executive clerk in the governor's office here stated today that in forwarding the requisition paper no name was used, the document merely having been addressed to "The Governor of the State of New York," as has been the custom.

RESTS IT CASE AGAINST DIGGS

(Continued from Page 1)

by the Barton girl that Diggs and his attorney, Charles Harris, attempted to make use of her friendship with Lola Norris and Marsha Warrington as a go-between for messages to "stand pat" and testify to nothing that would do Diggs and Caminetti an injury.

Made Excellent Witness.

Lola Norris, who followed Marsha Warrington on the stand yesterday in the trial, was the first witness called this morning. She resumed the story that was related with such a mass of detail by her companion in trouble and sorority sister.

Only in the manner of its delivery did the testimony of Lola Norris differ from that of the other girl. Her answers were sharper, more spirited than those of her companion's. She was able to supplement nothing to the narrative of the Warrington girl. She could only confirm statements and descriptions of events already described.

Step by step she went over the flight to Reno she and Marsha Warrington had made with Diggs and Drew Caminetti. When her cross examination began she retained her composure, answering the searching questions of the defense evenly and with no show of hesitation. Throughout she clung to her original story.

In accordance with the announcement of Judge Van Fleet the case was to be adjourned at the close of the afternoon hearing until next Tuesday morning. It is probable that the defense will then begin the presentation of its case.

DURYEE IS CONFIDENT.

Non-Partisans of City Enthusiastic Over Sixth Ward Meeting.

Independent voters in other parts of the city are today expressing unlimited enthusiasm over the meeting held Thursday night in the Sixth ward, and declare that the strength shown by the great attendence, proves the following the movement is receiving from voters of all political faith. F. G. Duvree, who presided as chairman of the Sixth ward meeting, and Charles Lawson, who acted as secretary, say that their part of the city is strong for Buck for mayor, and will untiringly work in his behalf. Councilman Wagner, who was also one of the speakers, says that the demonstration at last night's meeting has already resulted in additional non-partisan strength throughout the entire city.

TWO PICNICS THIS YEAR.

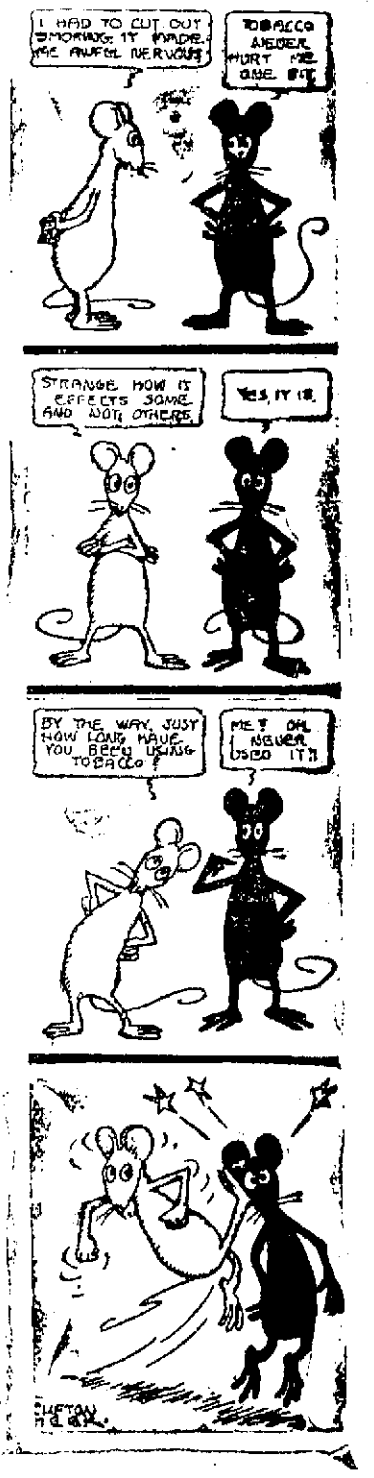
Events at Fort Wayne and Logansport for Traction Employes.

Arrangements are being made for two picnics this yetar for employes of the Fort Wayne and Northern Indiana Traction company—one at Fort Wayne on Sept. 3 and the second at Logansport on Sept. 5. Last year the picnics were held at Fort Wayne, Boyd park and Lafayette. Committees of arrangements for this yeatr's events are named as follows:

Fort Wayne—J. J. Brennan, F. R. Fahlsing, F. J. Stevens, J. A. Greenland, C. E. Warwick, H. E. Vordermark.

Logansport—Jack Abbott, M. K. Smith, Harry O'Brien, H. V. Norford, B. F. Myers, A. W. Black.

THE ADVENTURES OF JOHNNY MOUSE



COUNCIL PROCEEDINGS

The Common Council of the City of Fort Wayne met in the Council Chamber Tuesday evening, August 12th, A. D., 1913, in regular session. President Louis G. C. Schroeder in the chair, and William T. Jeffries, clerk, at the desk, present the following members, 13 viz:

Bauer, Braun, Dittoe, Felger, Haller, Hamilton, Pfleger, Rogge, Schroeder, Strodel, Van Sweringen, Wagner, Welch.

Absent 2, viz: Councilmen Bougher and Selver.

The minutes of the last regular session having been delivered to the Council, were, on motion, approved as published.

COMMUNICATION FROM THE MAYOR.

Fort Wayne, Ind., July 30, 1913.

Hon. Common Council:

Gentlemen: I desire to inform you that I have approved appropriation ordinance No. 486, passed at your last regular session of July 22nd, 1913. An ordinance appropriating two thousand dollars to the "Play Ground Fund."

Respectfully yours,
JESSE GRICE,
Mayor.

Received and spread on record.

ESTIMATES OF VARIOUS DEPARTMENTS.

Fort Wayne, Ind., Aug. 12, 1913.

To the Honorable Mayor.

I herewith submit to you the estimates submitted by the various departments of the city government, showing the amount of funds which in their judgment will be required during the fiscal year ending December 31, 1914, which I have hereto attached:

ESTIMATE DEPARTMENT OF FINANCE.

—Salary, Officers and Clerks.—	
Mayor	$ 3,000 00
Clerk	2,000 00
Controller	2,000 00
Deputy controller	1,000 00
Treasurer	2,000 00
Auditor	500 00
Councilmen—15, at $200.00	3,000 00
Total salaries	$ 13,500 00
Incidentals, Dept. of Finance	$ 545 00
Interest on bonded debt	16,000 00
Lavatory maintenance	1,500 00
Total, Dept. of Finance	$ 31,545 00

LEGAL DEPARTMENT.

Fort Wayne, Ind., July 23, 1913.

Mr. W. S. Cutshall, Controller, City.

Dear Sir: Will you please arrange for an appropriation of twenty-nine hundred dollars ($2,900.00) for the department of law for salary and incidentals for the year 1914.

Respectfully yours,
H. G. HOGAN,
City Attorney.

CITY COURT.

Fort Wayne, Ind., Aug. 9, 1913.

W. S. Cutshall, City Controller.

Dear Sir: Complying with your request, the following is an estimate of the money which will be needed by the city court for the year 1914:

Salary of city judge	$1,800 00
Salary of special judges	125 00
Incidentals	125 00

Respectfully yours,
J. FRANK MUNGOVAN,
City Judge.

DEPARTMENT OF PUBLIC WORKS.

Fort Wayne, Ind., Aug. 6, 1913.

Mr. W. S. Cutshall, City Controller.

Dear Sir: Per your request we are herewith enclosing estimates of funds required to operate the various departments under our control for the year 1914.

Our estimates run considerably higher than last year, owing to the fact that we have included the salaries of all officials, clerks and city civil engineer, and the probable cost of a new fireproof building for the fire alarm signal service. We have included the latter item under the public buildings and grounds fund, and same has been recommended to us by the board of public safety to include in our budget, which is agreeable to us, providing you can see your way clear to recommend same. We are asking an increase for the new street fund, having a great many petitions on file calling for new pavements; also the street cleaning fund should be increased owing to the increased number of miles of streets that have been paved within the last few years which should be kept clean, which will call for additional equipment and larger forces of men. The sewer repair fund should be increased owing to the increased number of catchbasins which need attention.

The street and alley lighting fund should be increased on account of the additional ornamental lighting on the various streets which have been installed.

We sincerely hope that you will allow and recommend the appropriation to be made as set out in detail.

Respectfully submitted,
FRANK T. BENOY,
G. A. SCHWEGMAN,
E. J. LENNON,
Board of Public Works.

Salaries of officers, clerks and city civil engineer	$ 11,180 00
Advertising and printing	2,500 00

DEPARTMENT OF PUBLIC SAFETY.

Fort Wayne, Ind., July 29, 1913.

W. S. Cutshall, Controller.

Dear Sir: As per your request of July 22 to the undersigned board to prepare and forward to you an estimate of the money required to operate the department of public safety for the year 1914, we are enclosing you estimates to maintain the various departments under our control. We have given each item careful consideration and believe the additional amounts asked for are necessary to keep the departments up to their present high standards and to protect the lives and property of our rapidly growing city. We trust you may find the funds of the city sufficient to allow and recommend the appropriation as given in detail.

Respectfully yours,
J. A. HUTSELL,
Chairman.
MARION B. JOHNSON,
Secretary.
W. D. HENDERSON.

Estimate for 1914, department of public safety, Fort Wayne, Ind., July 29, 1913.

Auto truck for line department	2,200 00
Alarm circuit to all houses	1,000 00
Changing current to use city current	250 00
	$ 17,655 00
Total of all funds	$187,603 00

CITY SEALER.

Fort Wayne, Ind., July 21, 1913.

Honorable Board of Public Safety.

Gentlemen: Am herewith submitting to you my estimate of needed appropriations for the ensuing year. You will notice that I have cut down my incidental expenses from two hundred dollars to one hundred dollars, as my office now is equipped with the proper test weights and measures for some time to come.

I am asking for an increase in salary, as the public utilities commission has taken the street car privilege from me, which is quite an item, as the city is growing rapidly and I have a very large territory to cover, and I find my present salary hardly sufficent to take care of the increase in business. The state law allows this salary and other cities are paying it. You and the public are fully informed of the good results I have been getting in my line of work and I trust you may see your way clear to recommend this increase in salary. The following is my estimate:

Salary, city sealer	$1,500 00
Incidentals	100 00
Total	$1,600 00

Respectfully submitted,
C. B. TOLAN,
City Sealer.

DEPARTMENT OF PUBLIC HEALTH.

Fort Wayne, Ind., Aug. 1, 1913.

W. S. Cutshall, Controller, Fort Wayne, Ind.

My Dear Sir: Following is an estimate of the funds needed by this department during the year 1914:

Salary of president of the board	$ 400 00
Salary of vice president	150 00
Salary of secretary	1,500 00
Salary of clerk	540 00
Salaries of two sanitary officers	1,680 00
Salaries of two sanitary officers	1,620 00
Contagious disease fund	1,800 00
Incidental fund	225 00
Salary meat and milk inspector	1,500 00
	$9,415 00

This is the same amount asked for the year 1913. Even though the population of the city is steadily increasing, we believe that we will be able, barring unforeseen epidemics, to have a balance left in our fund at the end of this year. The difference in the total amount asked for is accounted for by the inclusion of the salaries of the board.

E. A. CRULL,
Secretary.

DEPARTMENT OF PUBLIC PARKS.

Fort Wayne, Ind., July 28, 1913.

Mr. W. S. Cutshall, Controller, Fort Wayne, Ind.

Dear Sir: In compliance with your request to at once forward to your office our estimate of money required to operate our department during the year 1914, we submit the following:

The use of our parks is increasing in a most remarkable and gratifying way. Thousands visit them now where scores formerly did. They have become immensely popular with the children since swings and a small amount of play apparatus has been provided. It is needless to suggest the importance of clean, safe, healthful opportunities for play and physical development for the many thousands of Fort Wayne children, away from the evils and dangers of our streets.

Swinney, Lawton, Lakeside, Weisser and Foster parks ought each of them to have at least $1,000 of additional play apparatus installed in them during the coming year and a less amount in other smaller parks.

We ought to have sufficient funds to establish one swimming pool each year.

Permanent, suitable and ornamental music stands should be erected in all our larger parks, which stands would also be suitable for use for speakers at picnics, reunions or other large gatherings.

We ought to have a fund that would enable us to give at least an occasional band concert at these parks.

Reservoir, Lakeside, Weisser, Lawton and Foster parks should have sanitary public comfort stations without further delay.

Many of our parks need additionale lamps, much complaint being made of insufficient lighting.

Shelter houses should be provided in our larger parks similar to the Japanese pavilion at Swinney park. The people are constantly demanding these much-needed improvements of our board and they are entitled to them.

The board should have a sufficient revenue to employ a regular watchman at Lakeside, Foster and Reservoir parks, as are now employed at Swinney and Lawton parks.

With the great increase and improvement of our park areas and the tremendous growth in the crowds which visit and enjoy them the labor pay roll for caring for them has doubled during the past few years.

Our board cannot properly care for our parks and go forward from year to year in furnishing the facilities for their enjoyment, which our people are demanding, on a less revenue than that furnished by a nine-cent levy as provided for by law, and it therefore urgently requests you to recommend a levy of that amount.

Respectfully submitted,
DAVID N. FOSTER,
LOUIS FOX,
LOUIS DORN,
E. F. YARNELLE,
Board of Park Commissioners.

BOARD SCHOOL TRUSTEES.

Fort Wayne, Ind., Aug. 5, 1913.

To the Comptroller, City Hall, Fort Wayne, Ind.

The school board of the city of Fort Wayne request that there be a tax levy of two per cent. made for playground purposes. This, of course, is the maximum, but the demands are so great that the board feels justified in asking it. Requests have been filed for the establishing of grounds in the south and north parts of the city, and to do this will require additional ground, equipment and help. The maximum levy that can be made is one per cent., but the board deems this inadequate to meet the requirements.

Trusting that you may see your way clear to comply with this request, we are,

Very truly yours,
SCHOOL BOARD OF THE CITY OF FORT WAYNE,
By E. W. COOK,
President.
W. H. SHAMBAUGH,
Secretary.
J. MACBETH,
Treasurer.

TOTAL ESTIMATES REQUESTED BY ALL DEPARTMENTS.

Department of finance	$ 31,545 00
Department of law	2,900 00
City court	2,050 00
Board of public works	176,855 00
Board of public safety	187,603 00
Board of public health	9,415 00
Total	$410,368 00

The assessed valuation of taxable city property, I am advised by Mr. C. H. Brown, auditor, will be approximately $36,000,000.00, which, with our present levy of .8625 cents for appropriation purposes, will raise about $310,000.00; add to this amount $80,000.00 received for miscellaneous receipts, such as licenses, court fees, interest, etc., and $20,000.00 poll tax, would make available receipts of $410,000.00.

It will be necessary therefore in order to provide for emergencies during the coming year to slightly reduce the above estimate.

I have therefore revised the list to keep well within the amount noted above.

As there are sufficient funds now on hand to pay for all track elevation improvements under way or contracted for and about $17,500.00 yet to be collected this fall, I feel that a seven cent levy for the year 1914 would be sufficient to raise money enough for whatever new work might be taken up next year. I have eliminated the levy entirely for electric light plant fund, as the plant should be self-supporting if properly managed.

I am recommending a nine (.09) cent levy for park purposes, with the understanding with the park commissioners that ½ cent is to be set aside for music in the several parks.

The expense to the city for new street pavements and sidewalks has been very heavy in the last year or two on account of pavements and sidewalks being laid along abutting property belonging to the city. Inasmuch as these streets have all been paved or sidewalks put down, this item of expense should be lessened, or a vast increase in streets paved without additional expense to the city.

The recent legislature enacted a law making it imperative upon the civil city of Fort Wayne to provide a tax levy of not less than one cent nor more than two cents to be transferred to the school city and to be known as the playground fund. The school trustees have, as you will note, requested a levy of two cents for the year 1914, but as $2,000.00 was appropriated for the year 1913, I am of the opinion that a levy of .0125 cents will be amply sufficient to care for the grounds now in use and possibly provide one or two additional ones.

I would therefore recommend that the appropriation be made according to the following schedule:

—Department of Finance.—	
Salaries of officers and clerks	$ 13,500 00
Incidentals, department of finance	545 00
Interest on bonded debt	16,000 00
Lavatory maintenance	1,500 00
Total department of finance	$ 31,545 00
—Department of Law.—	
Salary city attorney	$ 2,500 00
Incidentals, department of law	400 00
Total department of law	$ 2,900 00
—Municipal Court.—	
Salary judge	$ 1,800 00
Incidentals and special judges	250 00
Total municipal court	$ 2,050 00

As the law directs the vouchers representing the foregoing amounts are on file in the office of the Auditor of Allen County.

Respectfully submitted.

E. W. COOK,
Treasurer.

Referred to Committee on Education.

REPORT OF COMMITTEE ON RULES, REGULATIONS AND ORDINANCES

Honorable Common Council.

Gentlemen: We, your committee on rules, regulations and ordinances, to whom was referred General Ordinance No. ——— "An ordinance regulating the use of bicycles and tricycles upon the streets of Fort Wayne, and providing lights and signal therefor," and repealing "An ordinance regulating the use of bicycles and tricycles upon the streets of Fort Wayne, and providing lights therefor," passed by the Common Council July 1, 1892, beg leave to report favorably on the same and recommend that said ordinance do pass.

Respectfully yours,
ALLEN HAMILTON,
HENRY W. FELGER,
B. VAN SWERINGEN,
Concurred in.

REPORT OF SPECIAL COMMITTEE.

To the Honorable Common Council:

Gentlemen: Your committee appointed to confer with our congressman upon the question of the ownership of the river beds beg to submit the following letters which explain themselves.

When anything further shall have been received it will be promptly submitted if the committee is continued.

Respectfully,
B. VANSWERINGEN,
JOHN J. BAUER,
CHARLES E. WELCH,
Concurred in.

Fort Wayne, Ind., July 28th, 1913.

Hon. Cyrus Cline, M. C.,
Washington, D. C.

Dear Sir: At a regular meeting of the Fort Wayne City Council held July 22nd, 1913, it was moved and carried "that a committee of three be appointed to communicate with the congressman from this district relative to the suggestion from the mayor that the federal authorities be asked to decide the question of the ownership of the river beds."

The undersigned were then appointed by the president of the council as such committee.

The river beds referred to are those running through the city of Fort Wayne, and the inquiry is inspired by the difficulties about to be encountered in the efforts to prevent future catastrophies of like character to that of last March.

As is well known, the banks of our streams have been steadily encroached upon for many years. The lowlands adjacent to them, which have always been flooded at high water, have been filled up to higher levels and used for building purposes. This filling is still going on and it seems only fair to assume that our flood of last spring is each year more likely to be repeated in consequence thereof.

Owing to the fact that the fall in the bed of the Maumee is very slight, it is impossible to overcome this encroachment by dredging, although something may be done by clearing the channel of all impediments, narrow bridges included.

The privilege of beginning work toward this end demands the acquisition of the streams and their banks as the very first step, and the attitude of the government on the question of federal ownership is therefore made necessary.

Your attention is therefore called to Mayor Grice's communication to the council on the subject, a copy of which is enclosed herewith.

It may be that the government has never pursued but one policy upon this question of the relinquishment of its title to river channels. It does not seem to have included them in the description of lands deeded to the early settlers in this locality as the governmental survey, on file in the Allen County Surveyor's office, shows no lines or partitions of property which include the rivers. When lands on both sides of the streams have been sold by the government, the acreage on each sid is always clearly marked as can be seen on the accompanying tracing of a governmental survey made in 1822.

The description of all property sold by the government lying contiguous to the rivers always contains the words "meander line" as part of the boundary and the plats do not run to the thread of the stream.

Your attention is directed especially to the fact that these are navigable rivers in law, a decision recently rendered by Judge Yaple in relation to the Maumee. The same facts which constituted the basis for this decision can be substantiated in the case of the St. Marys and the St. Joseph.

Be kind enough to review the patent issued by the United States to the heirs of Williams Wells, a copy of which follows the Mayor's message in the council proceedings. This is further evidence of the apparent intention of the United States to retain control of its waterways, or at least ownership of them.

If the proper authorities decide the United States still owns these river channels, we would like to be made acquainted with the exact location and boundaries of such property as it owns here. We therefore solicit your active co-operation that surveyors may define this property at the earliest possible moment. This would at least prevent further encroachment.

Other questions arising from and dependent upon the ownership of these channels may await a more convenient leisure.

Yours very truly,
B. VANSWERINGEN,
JOHN J. BAUER,
CHARLES E. WELCH,
Committee.

Washington, D. C., July 31, 1913.

Dr. B. VanSweringen,
Fort Wayne, Ind.

My Dear Doctor: I have your letter under date of July 28th, 1913, endorsed by yourself, John J. Bauer and Charles E. Welch, as a committee appointed at a regular meeting of the Fort Wayne City Council, July 22, 1913, to make inquiry of the Federal authorities with reference to the question of ownership of the river bed of the St. Mary's, Maumee and St. Joseph Rivers in the City of Fort Wayne.

I note the full proceedings of the Council and its directions, and desire to say to you and your associates on the committee that I will immediately take the matter up with the proper authorities to determine the question involved.

I am not advised as to whether the question for Indiana has ever been settled. It involves the rights of the riparian owner and whether the ownership is in the riparian owner to the center of the stream or not, as in some jurisdictions, or whether it is in the state; these are questions that will have to be thoroughly examined.

Another problem that might inject itself into the consideration of the question is, if the riparian owner owns the land to the center of the stream, may he not use that land so long as he does not encroach upon the rights of navigation? I do not propose to discuss this matter with your committee because there are so many questions connected with it that it would require a prolonged investigation to satisfactorily settle it. I will urge upon the authorities to which this matter is remitted, to give us early consideration and when I get their answer, it shall be very promptly communicated to you.

Assuring the committee of my earnest effort to assist you in the discharge of your duties, I am,

Very respectfully,
CYRUS CLINE.

Washington, D. C., Aug. 7, 1913.

Dr. Budd VanSweringen,
Fort Wayne, Ind.

My Dear Sir: Concerning your letter dated July 28th, 1913, relative to the ownership of the beds of the St. Joseph, St. Marys and Maumee rivers, in the City of Fort Wayne, and the request by you as Chairman of Committee, appointed by the Mayor, at the direction of the City Council, have to say:

The matters therein set out concerning which information was wanted, was referred in a personal call by me to the General Land Office. I took occasion to call attention to the questions submitted in your letter and now have the answer to the same. I am enclosing the letter of the department to your committee for their information that they may take such further steps as they deem proper in the premises.

I would suggest that with the information contained in the letter from the General Land Office that undoubtedly the City Attorney will be able to give you what further knowledge on the subject you may deem necessary to have.

I am returning all papers to you and assuring you of my willingness to be of service to you at any time, I am,

Very respectfully yours,
CYRUS CLINE.

Department on the Interior, General Land Office, Washington, D. C., Aug. 6, 1913.

RELATIVE TO OWNERSHIP OF THE BED OF A RIVER IN INDIANA.

Hon. Cyrus Cline,
House of Representatives.

My Dear Mr. Cline: Referring to your personal visit to this office when you filed a letter to you dated July 28, 1913, from Dr. Budd VanSweringen, et al, of Fort Wayne, Ind., inclosing a copy of the plat of T. 13 N., R. 12 E., 2d P. M., Indiana, and a copy of the proceedings of the Common Council of the City of Fort Wayne, Ind., at its regular session of July 22, 1913, and requesting information as to the ownership of the bed of the St. Marys River at Fort Wayne, Ind., I have the honor to advise you that the official plat of the survey of said township, on file in this office, shows said river, also the St. Josephs and Maumee Rivers in said township to have been duly meandered, and their areas were thereby segregated from the public domain; and while the question of the ownership of the beds of the rivers is not within the province of this office to determine since disposing of the adjacent lands, I will invite your attention to the U. S. Supreme Court decision in the case of Hardin vs. Jordan (140 U. S., 371), where it was held that grants by the United States of its public lands bounded on streams and other waters, made without reservation or restriction are to be construed, as to their effect, according to the law of the State in which the lands lie, and that by the common law under a grant of lands bounded on a lake or pond which is not tidewater and is not navigable, the grantee takes to the center of the lake or pond, ratably with other riparian proprietors if there be such; and on page 381 of the volume containing said decision, after referring to the U. S. Supreme Court decision in the case of Railroad Company vs. Schurmeir, it was said:

> "Meander lines are run in surveying fractional portions of the public lands bordering upon navigable rivers, not as boundaries of the tract but for the purpose of defining the sinuosities of the banks of the stream, and as the means of ascertaining the quantity of the land in the fraction subject to sale, and which is to be paid for by the purchaser. In preparing the official plat from the field-notes the meander line is represented as the border line of the stream, and shows to a demonstration that the water course, and not the meander line, as actually run on the land, is the boundary. It has never been held that the lands under water, in front of such grants, are reserved to the United States, or that they can be afterwards granted out to other persons, to the injury of the original grantees."

See also U. S. Supreme Court decision in the case of Kean vs. Calumet Canal and Improvement Company (190 U. S., 452), where it was held (Syllabus), that

> "The common law, as understood by this court and the local law of Indiana as to the effect of conveyances of land bordering on non-navigable water are the same."

In view of the foregoing, it will be observed that the United States claims no interest in any land embraced in the bed of the river except that, if the stream be, in fact, navigable, the title of the owner of the stream bed is subject to the paramount right and power of the United States to appropriate such land, including incidental removal or destruction of privately owned structures thereon, and this without compensation to the owner of such ground or improvements.

(United States vs. Chandler-Dunbar Water Power Co., 226 U. S., ——— decided May 26, 1913.

The papers filed by you are returned herewith.

Very respectfully,
JOHN METHOUL,
Acting Assistant Commissioner.

APPROPRIATION ORDINANCE NO ...

An ordinance appropriating money out of the city funds available for the use of the city of Fort Wayne, Indiana, for the payment of expenses and claims against said city for twelve months from date from the first day of January, 1914, to the thirty-first day of December, 1914. Specified by the items thereof and the departments for which such appropriations are made.

Section 1. Be it ordained by the Common Council of the City of Fort Wayne, Indiana, that thirty-one thousand five hundred and forty-five ($31,545.00) dollars, be appropriated to the Department of Finance for the purpose of paying certain expenses and outstanding claims against the City of Fort Wayne, Indiana, becoming due during the twelve months ending with December 31, 1914, and more particularly itemized as follows:

Salarys, officers and clerks	$13,500 00
Incidentals, department of finance	545 00
Interest on bonded debt	16,000 00
Lavatory maintenance	1,500 00
Total	$31,545 00

Also five cents (5c) on each one hundred ($100.00) dollars of assessed valuation of all property within the corporate limits of the City of Fort Wayne, Indiana, as provided for by tax levy, be hereby appropriated for the use of the department of finance the same to be placed to the credit of the Sinking Fund and paid out by the Controller according to law; also two (2) cents upon each one hundred ($100.00) dollars of assessed valuation of all property within the corporate limits of the City of Fort Wayne, Indiana, be hereby appropriated for the use of the department of finance to be placed to the credit of the Garbage Plant fund and to be paid out by the controller according to law; also that seven (7) cents upon each one hundred ($100.00) dollars of assessed valuation of all property within the corporate limits of the City of Fort Wayne, Indiana, be hereby appropriated for the use of the Department of Finance to be placed to the credit of Track Elevation fund and to be paid out by the controller according to law; also that nine (9) cents upon each one hundred ($100.00 dollars of assessed valuation of all property within the corporate limits of the City of Fort Wayne, Indiana, be hereby appropriated for the use of the department of finance to be placed to the credit of Park funds, eight and one-half (8½) cents to be used for the general expenses of the Park fund and one-half (½) cent to be used to furnish music for the parks, and to be paid out by the Controller according to law; also that one (1) cent upon each one hundred ($100.00) dollars of assessed valuation of all property within the corporate limits of the City of Fort Wayne, Indiana, be hereby appropriated for the use of the Department of Finance to be placed to the credit of Police Pension fund, and to be paid out by the Controller according to the law; also that one (1) cent upon each one hundred ($100.00) dollars of assessed valuation of all property within the corporate limits of the City of Fort Wayne, Indiana, be hereby appropriated for the use of the Department of Public Health in payment of certain claims and expenses arising and becoming due during the twelve months ending December 31, 1914, and more particularly itemized as follows:

Salaries, Board of Public Works	$ 6,400 00
Salary, building inspector	2,330 00
Advertising and printing	2,500 00
Blank books and stationery	200 00
Bridges	1,000 00
City hall	3,674 00
Civil engineer	5,470 00
Fountains, drinking	150 00
Furniture and fixtures	150 00
Garbage, disposal of	20,856 00
Incidentals, Board of Public Works	200 00
Insurance	275 00
Public grounds and buildings	2,000 00
Sewer repairs	3,800 00
Streets, cleaning	24,500 00
Streets, lighting	40,000 00
Streets, maintenance and repair	18,300 00
Streets, new	30,000 00
Total	$164,505 00

Section 5. That one hundred and eighty-four thousand four hundred and seventy-four ($184,474.00) dollars be appropriated for the use of the Department of Public Safety in payment of certain expenses and claims arising and becoming due during the twelve months ending with December 31, 1914, and more particularly itemized as follows:

Salaries, Board of Public Safety	$ 2,200 00
Inspector of weights and measures	1,600 00
Fire force account	14,660 00
Fire force pay roll	90,890 00
Market house	1,070 00
Police force pay roll	70,824 00
Police station account	2,290 00
City scales	940 00
Total	$184,474 00

Section 6. That nine thousand four hundred and fifteen ($9,415.00) dollars be appropriated for the use of the Department of Public Health in payment of certain claims and expenses arising and becoming due during the twelve months ending December 31, 1914, and more particularly itemized as follows:

Salaries, Board of Health	$2,590 00
Contagious diseases, prevention of	1,800 00
Incidentals, Board of Health	225 00
Meat and dairy inspector's salary	2,340 00
Sanitary officers, salary	2,460 00
Total	$9,415 00

Section 7. The sums enumerated in the foregoing sections of this ordinance shall be paid out of the available funds remaining unappropriated and shall be paid out of the special funds as specified in this ordinance by the proper department and at the time and in the manner provided by law.

Section 8. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

Section 9. This ordinance shall be in full force and effect from and after its passage and approval by the Mayor.

B. VAN SWERINGEN.

The ordinance was read the first time in full and on motion the ordinance was read the second time by its title and referred to the committee of the whole.

APPROPRIATION ORDINANCE NO.

An ordinance appropriating five thousand dollars ($5,000.00) to "fire force account.

Section 1. Be it ordained by the common council of the city of Fort Wayne, Indiana, that five thousand dollars ($5,00.00) be and the same is hereby appropriated to "fire force account."

Section 2. That this ordinance be in full force and effect from and after its passage and approval by the mayor.

ALLEN HAMILTON.

The ordinance was read the first time in full and on motion the ordinance was read the second time by its title and referred to the committee on finance.

APPROPRIATION ORDINANCE NO.

An ordinance appropriating seventy-nine dollars and sixteen cents ($79.16) to the "miscellaneous claims account," department of finance.

Section 1. Be it ordained by the common council of the city of Fort Wayne, Indiana, that seventy-nine dollars and sixteen cents ($79.16) be and the same is hereby appropriated to the "miscellaneous claims account," department of finance, for the purpose of reimbursing Mr. Charles J. Steiss for expenses incurred in representing Fort Wayne, Indiana, at the seventeenth annual convention of the League of American Municipalities, held at Winnipeg, Manitoba, August 7th, 8th and 9th.

Section 2. That this ordinance be in full force and effect from and after its passage, approval by the mayor and legal publication.

ALLEN HAMILTON.

The ordinance was read the first time in full and on motion the ordinance was read the second time by its title and referred to the committee on finance.

GENERAL ORDINANCE NO.

An ordinance fixing the tax levy for city purposes for the year 1914.

Section 1. Be it ordained by the common council of the city of Fort Wayne, Indiana, that a levy of one dollar and twelve cents ($1.12) upon each one hundred dollars ($100.00) of assessed valuation of all property within the corporate limits of the city of Fort Wayne, Indiana, be made for the year 1914. That the above levy be divided as follows:

Appropriation account	$ .855
Park Fund, general expenses	.085
Park fund, park music	.005
Sinking fund	.05
Track elevation fund	.07
Garbage plant fund	.02
Playground fund	.0125
Policemen's pension fund	.01
Firemen's pension fund	.01
Monument fund	.0025
	$1.12

Also that there shall be collected from each male inhabitant liable according to law a poll tax of $2.00.

Section 2. That all taxes shall be collected in semi-annual installments.

Section 3. This ordinance shall be in full force and effect from and after its passage and approval by the mayor.

HARRY C. PFLEGER.

The ordinance was read the first time in full and on motion the ordinance was read the second time by its title and referred to the committee of the whole.

GENERAL ORDINANCE NO.

An ordinance authorizing the employment by the board of public safety of the city of Fort Wayne of a police matron and fixing the salary of same.

Section 1. Be it ordained by the common council of the city of Fort Wayne that the board of public safety of said city be authorized and empowered to appoint and employ a police matron, to whom shall be paid a salary of seventy-five dollars per month.

Section 2. That this ordinance be in full force and effect from and after its passage and approval by the mayor.

CHARLES W. DITTOE.

The ordinance was read the first time in full and on motion the ordinance was read the second time by its title and referred to the committee on rules, regulations and ordinances and fees and salaries.

GENERAL ORDINANCE NO.

An ordinance regulating the use of lights and signals on automobiles and other motor vehicles and providing a penalty.

Section 1. Be it ordained by the common council of the city of Fort Wayne, Indiana, that there shall not be displayed or lighted on any automobile, motorcycle or motor vehicle, in or upon the streets of public places of the city, a light burning acetyline or gas formed from or by acetyline, or an electric searchlight, unless the said light be screened or covered so as not to glare or dazzle.

Section 2. That no noise-making signalling device, siren, whistle or horn other than what is commonly known as a bulb horn, in, upon or attached to any automobile, motorcycle, motor vehicle or other vehicle, shall be blown, sounded or operated. Provided, that this provision shall not apply to the vehicles of the police and fire departments of the city.

Section 3. Any person, firm or corporation violating any of the provisions in this ordinance shall be fined in any sum not less than five ($5.00) dollars, nor more than twenty-five ($25.00) dollars.

Section 4. This ordinance to be in full force and effect from and after its passage and approval by the mayor and legal publication.

CHARLES W. DITTOE.

The ordinance was read the third time in full and on motion the ordinance was read the second time by its title and referred to the committee on rules, regulations and ordinances.

GENERAL ORDINANCE NO. 613.

An ordinance regulating the use of bicycles and tricycles upon the streets of Fort Wayne, and providing lights and signals therefor, and repealing "An ordinance regulating the use of bicycles and tricycles upon the streets of Fort Wayne, and providing lights therefor" passed by the common council July 1, 1892.

Section 1. Be it ordained by the common council of the city of Fort Wayne, Indiana, that it shall be unlawful for any person to ride upon any street within the corporate limits of the city of Fort Wayne upon any bicycle or tricycle during the period of one-half hour after sunset to one-half hour before sunrise, without having on said bicycle or tricycle a lighted lamp on the front of said bicycle or tricycle; and every such bicycle or tricycle shall also be provided with a suitable bell, horn or other signalling device, and every person riding on a bicycle or tricycle on the public streets or other public places in said city shall also, when approaching a cross street sound said bell, horn or other device for signalling in such a manner as to give notice and warning of his approach.

Section 2. That a certain ordinance passed by the common council July 1, 1892, the same being an ordinance entitled "An ordinance regulating the use of bicycles and tricycles upon the streets of Fort Wayne and providing lights therefor," be and the same is hereby repealed.

Section 3. Any person violating any of the provisions of this ordinance shall pay a penalty of not more than fifty dollars ($50.00).

Section 4. This ordinance to be in full force and take effect from and after its passage and approval by the mayor and legal publication.

JOHN J. BAUER.

The ordinance was read the third time in full and on motion the ordinance was now passed by the following vote:

Ayes, 10, viz: Bauer, Braun, Dittoe, Felger, Hamilton, Pfleger, Schroeder, Strodel, Wagner, Welch.

Nays, 2, viz: Huller and Rogge.

The council then adjourned.

AMBASSADOR IS GIVEN REBUKE

President Resents Slur of Henry Lane Wilson to England.

EXPRESSES REGRET

Washington, Aug. 15.—President Wilson last night publicly reprimanded Ambassador Henry Lane Wilson for his recent attack on the British foreign office. Ambassador Page was instructed to express to Sir Edward Gray the regret of the American government that a diplomatic official of the United States "should have been guilty of such an impropriety."

The action of theadministration here followed receipt of a cablegram from Ambassador Page officially confirming the Associated Press dispatch which had quoted a statement from the British government that it had recognized the Huerta regime in Mexico along with France and Germany after "a congratulatory speech" to President Huerta by Ambassador Wilson on behalf of the diplomatic corps in Mexico City. The official interpretation of the statement here was that Great Britam at the time believed from Ambassador Wilson's act that the United States intended to recognize the Huerta government. Ambassador Wilson in authorized interview declared that if the statement really emanated from the British foreign office, it was "pure subterfuge, unworthy of the British foreign office," and "at variance with its traditions and with the character it has maintained for two centuries."

Secretary Bryan after a conference with the president then sent the following cablegram to Ambassador Page:

"The interview given to the press yesterday by Mr. Henry Lane Wilson, whose resignation as ambassador to Mexico has been accepted to take effect at the end of his vacation, October 14th, having been brought to the president's attention, he directs me to ask you to call at the British foreign office and say to Sir Edward Grey that he disclaims all responsibility for Mr. Wilson's action in the matter and for the language employed by him in his interview and that he regrets exceedingly that a diplomatic official in the employ of this government should have been guilty of such impropriety."

Secretary Bryan not only gave the above to the press, but issued the following statement:

"A copy of the cablegram to the American ambassy was sent to Ambassador Wilson. Mr. Bryan added that the president does not go farther at this time because he takes it for granted that the action which he is obliged to take in this matter will be to him (Ambassadc Wilson) a sufficient reminder of his official duties."

In this connection it was admitted that the administration seriously had considered a summary acceptance of Ambassador Wilson's resignation to take effect immediately, but it was said by officials who characterized last night's action as a sufficient reprimand, that only in the event of any other utterance or action distasteful to the administration by the ambassador would such a course be followed.

Administration officials felt particular solicitude about the possible effect of Ambassador Wilson's remarks in Great Britain because at this time the American government is relying on the moral support of the European powers in the effort to suggest a peaceful ending to the Mexican revolutions.

Informal assurances have been received by President Wilson that foreign governments are disposed to look with favor on the peace policy being pursued by the United States and in turn the Washington administration intends to keep these governments fully advised of the steps taken by John Lind, personal representative of the president in Mexico.

BIG TAX ON CHILDLESS.

Every French Family With Less Than Three Children Must Aid.

Paris, Aug. 15.—A hundred million dollars annually is the estimated revenue from the proposed tax on persons not contributing to the increase of population in France. Statistician Bertillon declares there now are in France 1,350,000 celibates, 1,800,000 couples without children, 2,650,000 families of two children, 2,400,000 families with one child. All these will be required to pay, as it is proposed to tax every citizen who reaches the age of forty-five without three children living, or who reached the age of twenty-one. The tax will be $6 per child for each one under the minimum.

An Everyday View of the Next Sunday School Lesson

Lesson text, Exodus 13:17—14:31; Golden text, Isaiah 65:24, "Before they call, I will answer."

Exodus is the beginning of a long journey, long not in miles but in incident and epochs. It was a journey taken under the guidance of both God and man. It is also typical of human life. We are all heirs to a better country than the one in which we were born. If Egypt held all there is to life, few would be thankful for the gift. But there is a Canaan, too, which the soul longs to possess. Liberty has ever been conditional upon migration. Abraham may believe in the unity of God, but the enjoyment of that belief lies outside the Chaldees.

We Are Creatures Both of God's Creation and of His Purpose.

We stumble at what we call miracles, forgetting that from atom to universe there is nothing else. God no more ordains the end than he does the means by which he would bring it about. We are creatures of his purpose as well as of his creation, and to miss that fact is to miss the one dominant thought of these lessons. Joseph was simply the preface to all that follows. In a story like the exodus of Israel one must learn to discriminate as to the relative value of incidents. Much has been written that bears no relation to the purpose. As an illustration: How long was Israel in Egypt and what was the number that went out under Moses? It all depends on the basis from which we reckon. In the one case it varies from 2,000,000 to many less, and in the other from 430 years to just one-half that number. The various results in their vital import are the same. The preparatory details are left largely to the imagination.

By some means Moses had communicated to the people scattered throughout Goshen that the day of their deliverance was at hand. The last supper was made ready and with girded loins they awaited the signal for their departure. Confusion leads to failure, and subsequently we learn that every man pitched his tent "by his own camp, and every man by his own standard." It was a veritable migration. The people bound their kneading troughs in their clothes and with their flocks and herds took up their journey toward the land of Canaan. Three routes lay before them: the northern, the central and the southern, or by the "way of the Red sea." The second was the route over which Abraham himself had probably gone and would naturally appeal most strongly to the people; but whatever Moses may have had in mind, God ordered him to turn about and encamp by the sea.

Moses Obeys Command of God Which Challenges His Judgment.

The command must have been a challenge to his judgment, but that strange Presence, the pillar of fire and of cloud, went before to show the divine will. Moses obeyed and found himself at the head of what is now the Gulf of Suez, an arm of the Red sea. The position was one of great danger. There were mountains on one side and a sea on the other. And yet Moses had acted under the direction of God. He had followed the voice of duty.

In the meantime the old normal conditions had been restored to Egypt. The plagues were over, not to return. Moses had been allowed to depart and with him had gone the industries of the country. The brickyards were deserted and wood lay about for lack of hewers. Every one has his own standard of manhood. Pharaoh's was measured by that of self. Justice and equity formed no part of his nature. His apparent penitence was the outgrowth of fear. It came with the darkness and went with the dawn. So a man's conversion may sometimes be no more than a suit of clothes. When a man falls from grace he either strikes on his knees or keeps on falling and the latter was true of the king. He knew the topography of the country and realized that Moses was "entangled in the land." In the briefest time the Israelites lifted up their eyes and saw the western hills crowded with chariots of war.

Emergencies reveal character, and with that instinctive desire to accuse and censure, the children of Israel cried unto Moses: "Wherefore hast thou dealt thus with us, to bring us forth out of Egypt? Is not this the word we spake unto thee in Egypt, saying, Let us alone. * * * Better for us to serve the Egyptians than that we should die in the wilderness." The great leader only replied, "Fear ye not, stand still and see the salvation of Jehovah." That was the gospel preached on the shores of the Red sea. Salvation by faith lives in every word. Moses of himself promised nothing. The people were powerless to save themselves, but they could wait and rest, which remains as the essential truth.

That night the Presence moved about and came between the Israelites and the Egyptians. To the one there was fire and to the other smoke. Truth is visible to the true and to no one else. The Egyptians saw not, because they were not true. Moses wished to pray, but the Lord assured him his duty lay with the people. There are times when we should hearken unto God rather than expect him to hear us.

The Lord Fights for Israel Against the Egyptians.

The people stood by while Moses stretched out his rod upon the sea and it fled before him. All night the winds blew and lifted the waters into mountain ridges on either side. The Egyptians followed the Israelites upon the path thus made, but God looked upon them through the pillar of fire and flashed his presence upon their sight. The effect must have been startling. Great walls of water stood up on either side. There is a tradition that the natural vied with the supernatural in adding terror to the scene, "thunder and lightning, with flashes of fire." No wonder that the Egyptians cried: "Let us flee from the face of Israel; for the Lord fighteth for them against the Egyptians." Again Moses stretched his hand and the waters returned to their places. The extremity of man had become the opportunity of God. Israel was safe, while Pharaoh and his host lay buried in the sea.

No event ever impressed itself more deeply upon the memory of a people than this. For ages it lived in song and story, and even today the song of Moses leads the thanksgiving music of the church.

Meyer Bros. Company

is Authorized to Refund Your Money if WENDELL'S AMBITION PILLS do not Banish all Nerve Troubles and put Vigor and Energy into your Body.

Are you a dead one? Have you lost ambition? Do you get up tired in the morning? Do your hands tremble? Are you despondent? Have you lost confidence in your ability to do things?

Don't give up; arouse yourself right now. Go to Meyer Bros Co. and get a fifty cent box of Ambition Pills. You don't have to wait a week to know whether they are doing you good or not. You'll feel better tomorrow. Corn—Receipts, 5 loads, 64@68c bu.

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Aug. 15.—Corn made a sharp advance today, led by the September option. Receipts here had fallen almost to nothing and the forecast was for an eastern spread of the hot wave. December started at 68c to 68¼c, but reacted to 68⅛c.
The close was steady at 69⅜@69½c for December, a net advance of 1⅝c to 1½@1⅝c.
Wheat advanced with corn, and because of unfavorable weather in France and Germany. December, which opened at 90⅝c to 90½c, touched 90½@90⅝c and fell back to 90¼@90⅜c.
The close was steady with December ⅛@⅜c net higher at 90¼@90⅜c.
Trade in oats was light and the market swayed with other grain. December started at 44⅜c to 44½c and sold at 44¼@44⅜c.

Dead Stock Removed Free of Charge

FORT WAYNE RENDERING CO.

Phones: 1700-3256 Green.

Provisions went up grade, helped by a rise in the hog market.
First transactions with January options were: Pork, $18.75; lard, $10.55; ribs, $9.87½.

Poultry—Alive, lower; fowls, 14c; springs, 18c; turkeys, 19c.

THE DAY ON WALL STREET.

New York, Aug. 15—Some very substantial declines were recorded in the opening dealings on the stock exchange today. Canadian Pacific lost over a point, with marked heavinegs in Reading, Steel and Amalgamated Copper. The list as a whole manifested a drooping tendency.

The apathy of today's stock market afforded a striking contrast to recent days, when dealings were large and broad on a rising tendency. Trading in the first hour was perfunctory, the ticker frequently coming to a halt, and before noon conditions were utterly stagnant. Issues usually accepted as market leaders were slightly under previous days' final quotations, but there was no pressure, although Canadian Pacific, New Haven and Rock Island issues were down one to almost two points. Bonds were steady.
The market closed weak. Selling, based on reports of further crop damage, caused a rapid decline in the last hour. Losses range from one to over two points in numerous representative shares. Steel, which was extensively sold lost over four points from the week's high.

NEW YORK MONEY MARKET.

New York, Aug. 15.—Money on call steady, 2@2½ per cent.; ruling rate, 2½ per cent.; closing 2¼@2½ per cent.; time loans, firmer; 60 days, 3¾@4 per cent.; 90 days, 4¾ per cent.; six months, 5¾ per cent.

LIGHT BLINDED ROSCOE GARMAN

As a Result His Car Turned Turtle in Ditch North of the City.

FOUR ESCAPE INJURY

Lights from an approaching automobile caused what might have been a fatal accident late Thursday night, when Roscoe Garman, unable to distinguish the roadway on account of the powerful glow from the oncoming machine, ran his own car into the ditch along the Leo road about one mile east of the city. The car turned over on its side and the driver with three passengers were precipitated into a shallow pool of water.
The machine belonged to Joseph Garman, father of Roscoe, the well known Perry township farmer, and in the car were Charles Soule and the Misses Minnie and Eva Tonkle, daughters of George Tonkle. Except for minor scratches and bruises, all escaped injury.
The police department was informed of the accident and brought the damaged car to the city. Until this morning they did not know to whom it belonged as those who were occupying it were brought back to the city by John Hinton, who with his family passed the scene of the accident a short time later.
In speaking of the affair, young Garman says that both he and the man driving the approaching machine were going slowly and exercising as much care as possible. He says that one lights of the oncoming car rendered him temporarily blind, and he was unable to see the road.

All men's fancy suits half price.

LOCAL FORECAST.

Fort Wayne, Ind., Aug. 15.—For Fort Wayne and vicinity: Showers tonight and Saturday.

GENERAL FORECAST.

Washington, D. C., Aug. 15.—For Indiana: Increasing cloudiness with showers tonight or Saturday; cooler northwest portion Saturday.
For Ohio: Fair south portion, showers north portion late tonight or Saturday; warmer south portion tonight.
For Lower Michigan: Unsettled weather with showers late tonight or Saturday; cooler west portion Saturday.

SUMMARY OF WEATHER CONDITIONS

A tropical hurricane is apparently central off the Florida coast and it is giving cloudy and rainy weather over the south Atlantic coast districts. As yet it is not giving any high winds along the coast.
Since yesterday morning some rains have occurred over Wisconsin and the northern portions of Illinois and Indiana, but from the Mississippi to the Rockies only a few light scattered showers are reported. Over the British northwest heavy rains have been general. Winnipeg reporting a twenty-four hour rainfall of 3.22 inches, most of which fell during the last twelve hours.
The drought remains unbroken in the southwest where temperatures ranged from 98 to 100 degrees yesterday. In the northwest high temperatures were recorded yesterday, Bismarck reporting 100 degrees and Pierre 102 degrees. Moderate temperatures prevail between the Mississippi and the Atlantic.
In this section cloudy weather will continue tonight and Saturday with showers.
W. S. PALMER, Local Forecaster.

BUCK ADDRESSES SIXTH WARD MEN

At an Enthusiastic Meeting—Mills is Nominated for Council.

OTHER DATES NAMED

By Tuesday evening of next week seven of the ten wards of the city will have been organized for the non-partisan campaign by nominating candidates for the city council and electing precinct committeemen. At this date the Sixth and Fourth warsd have completed their organizations and this evening the Second and Third wards will nominate their candidates. The independent voters of the Eighth ward will meet Monday evening and teh Ninth ward supporters of the citizens' ticket will hold their meeting either Monday or Tuesday evening. It is likely that the Fifth ward will also meet either Monday or Tuesday evening.

Samuel S. Kelker will probably be recommended for the councilmanic nomination at the meeting of Second ward voters this evening, and it is said that among others C. R. Bookwalter is being considered for the nomination for Third ward councilman this evening.

Enthusiastic Meeting.

The meeting of the Sixth ward non partisan supporters Thursday evening at the corner of Indiana and Cottage avenues was one of the biggest and most enthusiastic sessions staged so far in the work of organizing. One hundred democrats, republicans, progressives and members of other political faith attended the meeting, and forgetting political affiliation for the time, joined in unanimously nominating J. B. Mills as their candidate for council on the independent ticket.

N. C. Kittering was elected committeeman from the Fifteenth precinct; F. J. Young in the Sixteenth and Conrad Witte in the Seventeenth.

Ovation for Buck.

Among other speakers was Charles H. Buck, the non-partisan candidate for mayor, and as he arose to address the assemblage, the applause that greeted him showed plainly that he will be given the united support of the Sixth ward independents. Mr. Buck renewed his pledges to the citizens' platform and in a brief address explained how the city will be benefited when politics are removed from the municipal affairs. Among the other speakers were Clinton R. Willson, one of the non-partisan candidates for councilman-at-large; James A. Lechler, president of the Fort Wayne Federation of Labor and also a candidate for councilman-at-large; Martin Wilson, James W. Loney, Dr. Underwood, Col. D. N. Foster, C. D. Wheeler, O. L. Rogers, E. W. Lewis, S. N. Longsworth and S. A. Stewart.

Petition Is Filed.

The necessary 300 names have been signed to the petition in circulation during the last few days providing for a registration period fifty-nine days before the election, and this means that the voters will be given two opportunities to qualify themselves for the balloting on November 4. The petition for the extra September registration was filed with City Clerk W. T. Jeffries today.

ECONOMICAL WIFE WANTED.

Girl Who Lives on Fifty Cents a Week Demand.

Towanda, Pa., Aug. 15.—Miss Clara Loewus, of Towanda, who at Ithaca established a new world's record by living on fifty cents a week, is receiving many offers of marriage, letters containing proposals coming from all parts of the country. "Believe me, girlie, you are just the speed for these days, when the cost of living is so high," writes one young man in New York, who admits having nothing better than a $12-per-week job. Miss Loewus says she will pay no attention to the letters.

Dollars' Duty

Dollars have duties as well as men. An idle dollar is no better than an idle man. Both should be set to work. The dollar that is not earning interest is not doing its duty.

It's your duty to make your dollars do their duty.

If you have any idle dollars deposit them in our savings department and we will make them work and work for you.

A dollar doing its duty can earn 4 per cent per annum.

WATCH STOPS AS HE DIES.

Timepiece Marks the Minute of Its Owner's Death.

Milwaukee, Wis., Aug. 15.—When Gustav Maresch, 30 years old, a machinist employed by the Columbia Construction company, dropped dead from heart failure on a Muskego avenue car on Eleventh avenue, his watch, which he had carried for seven years, and which he boasted never lost a second, suddenly stopped. Maresch, according to reports made by the street car crew and the police, fell from his seat in the car at 6:34 a. m. The large silver watch taken from the body at the morgue showed that it had stopped at that moment.

All short-sleeve rompers half price.

POISONED KNEE KILLS MAN.

Infected While Digging Potatoes, Doctors Fail to Save Him.

Milford, Del., Aug. 15.—Frank Adams, a middle-aged man, employed as a farm laborer at Hartley, died from blood poison contracted in a peculiar manner. He was on his hands and knees digging in a potato patch when one knee was cut and infected. Little attention was given to the injury at the time, as it was not thought serious. Later, when his leg swelled and the wound caused him much pain he went to a hospital, where it was found blood poison had set in. Everything possible was done to check the disease, but Adams gradually became worse and died.

20 dozen $1.50 night robes, 75c.
PATTERSON-FLETCHER CO.

TOWN DOESN'T WANT AUTOS.

Mt. Desert, Me., Keeps Roads Exclusively for Driving.

Bar Harbor, Me., Aug. 15.—By a vote of 102 to 8 the town of Mt. Desert, at the special town meeting, decided to keep in force for another year the restrictions prohibiting the use of automobiles in that town. Former President Elliott, of Harvard, has been the leader of the fight to keep the roads exclusively for driving. The bulk of the summer guests, including practically all the cottagers, favor the idea. Mt. Desert is the only town on the island which bars automobiles.

15 dozen $2.00 night robes, $1.00.
PATTERSON-FLETCHER CO.

NEW LAWN

Blue Grass is now ripe and is naturally sowing its seed. Now is the time to begin making new lawns and renewing old ones.

Plant your Hollyhock seed this fall to get flowers next spring. New seed ready.

Slug Shot kills cabbage worms and does not poison the cabbage.

Remember FLY FOE saves your horses' feet and lessens shoeing bills. It adds flesh to your animals and increases flow of milk; only 75c per gal.
